Administrators Attempt to Keep Friendly Relations With Students

When not hard at work, Mr. J. Franklin Orear, Mr. Donald Marvin, Mr. Phil Gastineau, and Ms. Joanne Knowles are seen walking through the halls, chatting with or observing both students and teachers.

Ms. Knowles, Dean of Girls, and active member of administrative and Executive Councils, keeps busy helping girls with problems at school and at home.

A busy man, Mr. Gastineau, Dean of Boys, works hard at keeping the boys of Arroyo in line and developing school activities. When asked what he liked about Arroyo, he stated, "There is much more enthusiasm with the kids of today."

When Vice Principal, Mr. Don Marvin, also a member of Executive and Administrative Councils, was asked about leaving Arroyo, he stated jokingly, "Maybe if I got a $30,000.00 offer from Marina!" With Mr. Marvin's help, new classes have been formulated and new teaching methods are investigated.

As head of Administrative Council, Mr. Orear reminisced of his past. He recalls how much harder things were for students in his time; "Kids today have more going for them: such as scholarships, better jobs, and more opportunities to better themselves." Mr. Orear's jobs are attending faculty meetings, directing activities, selecting staff members, and calculating the school budget each year.

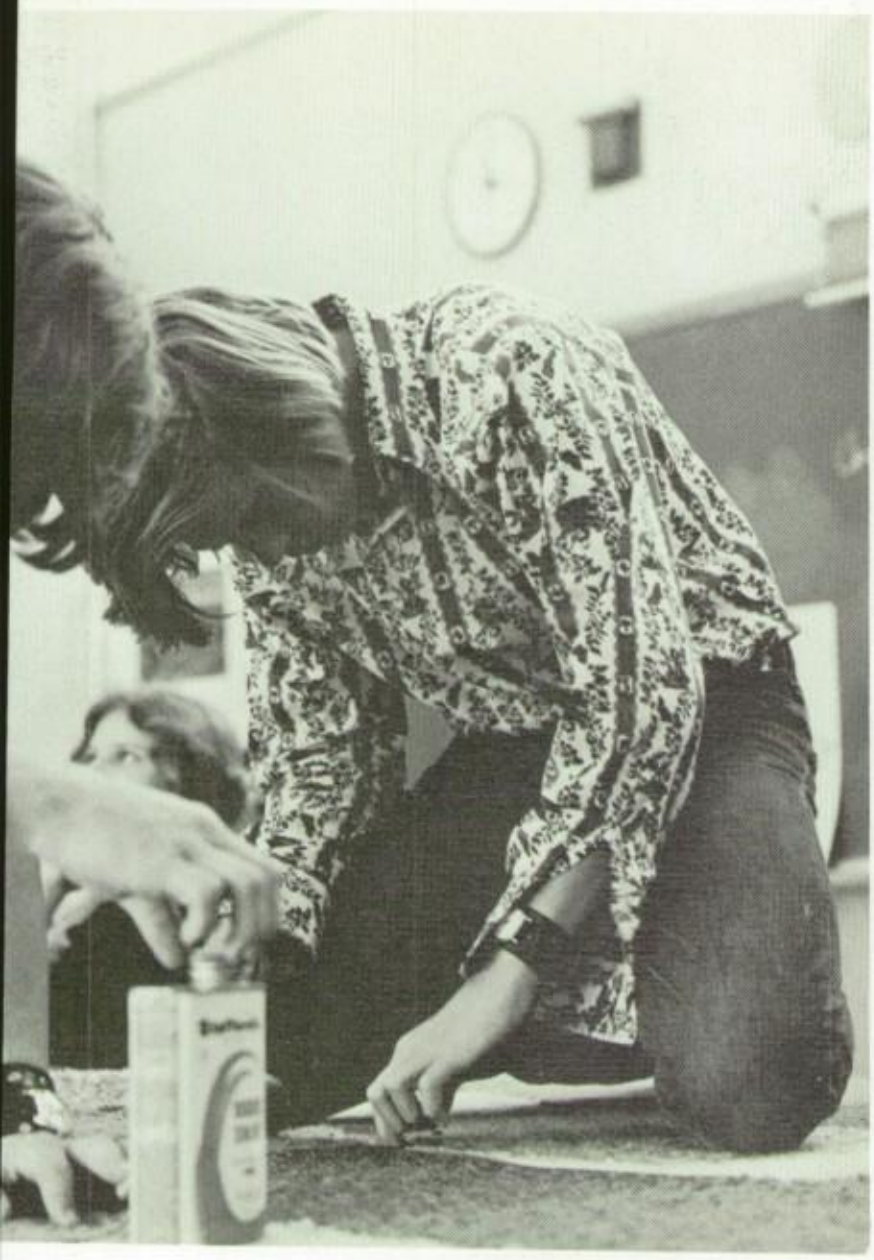
Upper Left: Mr. Don Marvin and Mr. Tom Phillips discuss some important papers. *Upper Middle:* One of Ms. Joanne Knowles' jobs is contacting a parent about a misbehaved student. *Upper Right:* The Administrative Council gathers to discuss the open campus issue. *Bottom Left:* Mr. Phil Gastineau enjoys the view of Arroyo while talking on the telephone. *Bottom Right:* Mr. J.F. Orear mingles happily with the crowd.

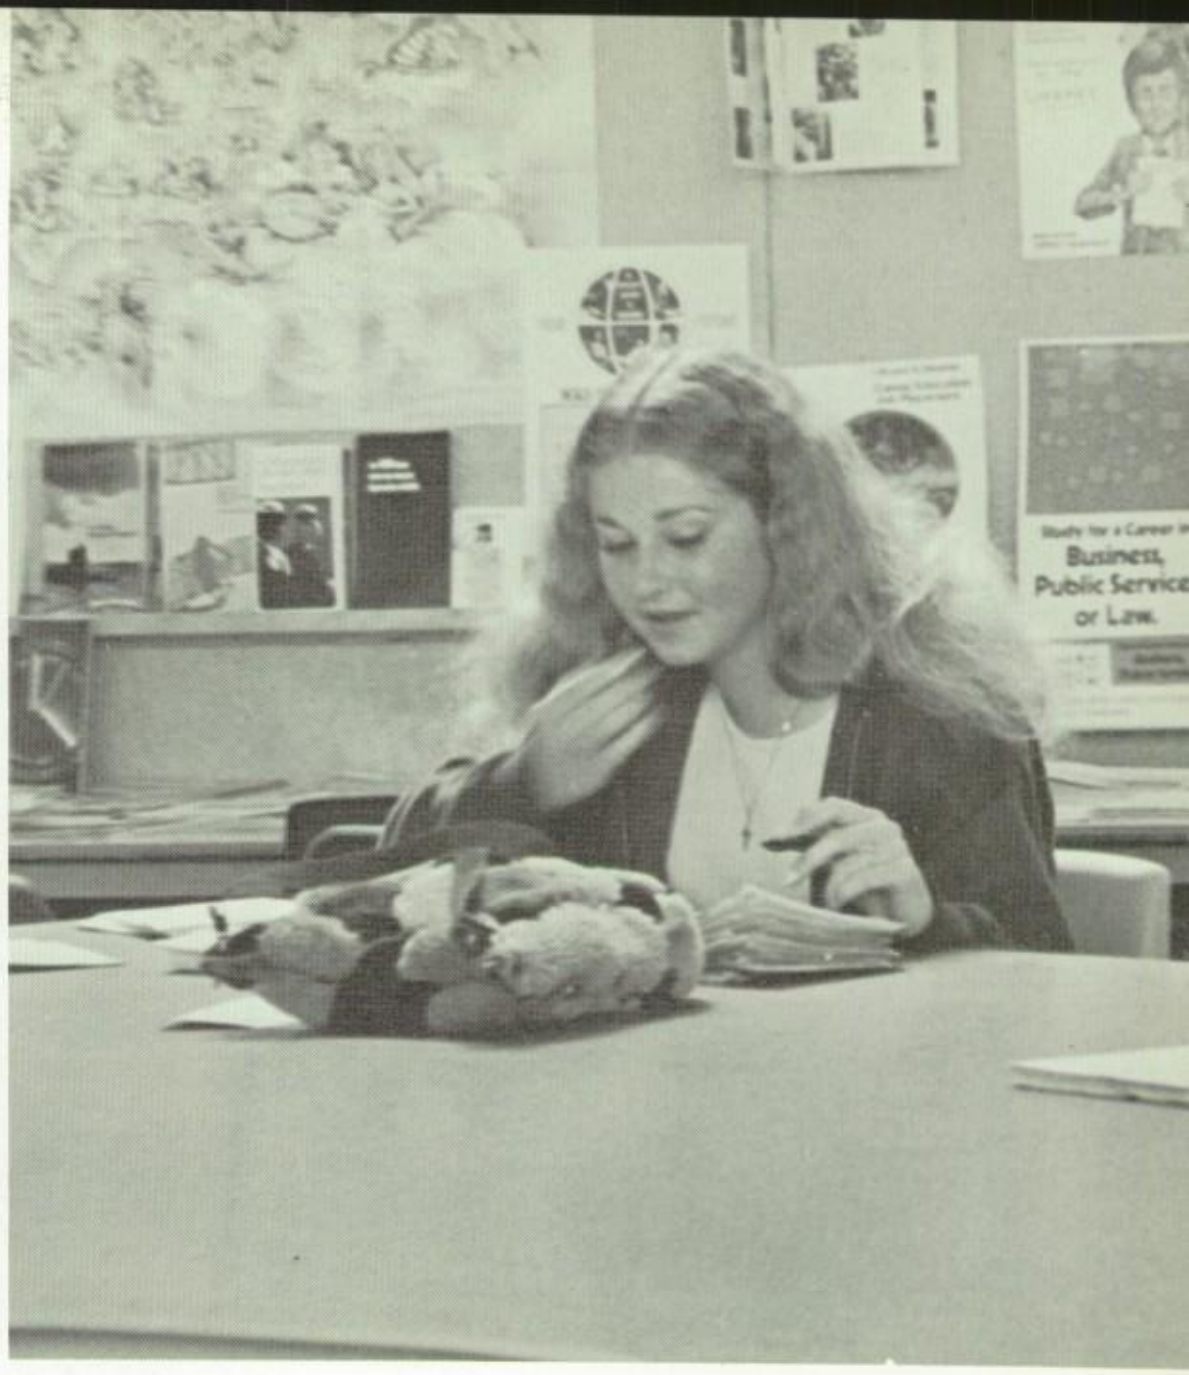
Program, Center Mark Changes

Two new additions have been made at Arroyo. They are the career center and the opportunities class, both originated by Mr. Phillip Gastineau, the Dean of Boys, and Mr. Norman Hanson, one of Arroyo's counselors. The career center, with efforts from the P.T.A., Mr. Hanson, and Mr. Gastineau, became part of Arroyo in the Fall of 1972. Materials were compiled by the four counselors. Most of the materials were already in the offices of the counselors, but the district supplied tapes, and the counselors also sent away for information.

The career center was meant to help students with their future careers. Students may look up the career they are interested in and find out all about it.

The opportunities class, also established by Mr. Gastineau, was introduced at the beginning of the 1872-1973 school year. 33 students with histories of academic failure or behavioral problems so severe as to make academic success almost impossible were chosen for the class. The students are not forced into the class, they request it but cannot always be taken. Students are taken according to how severe their problem is. The class is taught by three teachers for the 33 students, in order to have more individual attention. The teachers, Mrs. Blume, Mr. Milliard Billings, Mrs. Doris Knight, and the student teacher Mr. Jerry McCullough all spend three hours a day with students. Mrs. Blume stated, "It's certainly the most challenging class I've ever taught."





Far Left: Betty Crowton works hard at her needlepoint design. *Above Center:* Greg Goguen and Gary Vaughn glue together different materials to make a rug. *Left:* Nancy Lyons takes notes on her possible future. *Top:* Cheryl Vukmirovich takes advantage of the career centers' facilities. *Above:* Beth Taylor and Greg Wheeler make a table from a cable spool in their opportunities class.

Mill-In Proves Successful

Counselors Work Toward Student

"I thought the mill-in worked out very well. Many of the students told me they liked this way of scheduling. We will probably continue the mill-in next year . It was really a success."

Mr. Hanson worked very hard over the summer towards the completion of the Career Center in December. The Career Center was built so the students would have a more informative idea of what career they would like to pursue.

"The Career Center gives the student the opportunity to explore different careers," explained Mr. Faulman.

From students filling out career survey cards, the counselors have also gained more information concerning student career goals. Through guest speakers, students have had the opportunity to find out information regarding the forestry service, the medical or dentistry profession or the opportunities in the military field.

The counselors are aiming to expand this program so that many students who are continuing their education can have some idea of what they want to do.

"The counselors present choices to the students and aid them in making their own decisions. It's up to the students to make their own decisions towards their future," stated Mr. Ben Faulman, head counselor.

Mr. Faulman and his co-workers, Ms. Jo Workman, Mr. Norman Hanson and Ms. Beverly Smith, devote much of their time helping students with their individual classes. They all feel frustrated because there aren't enough hours in the day to help their students.

Mr. Faulman commented by saying, "The kids are very patient and understanding. The counselors work very hard during the year, scheduling classes. They also work before school opens in the fall and after school closes."

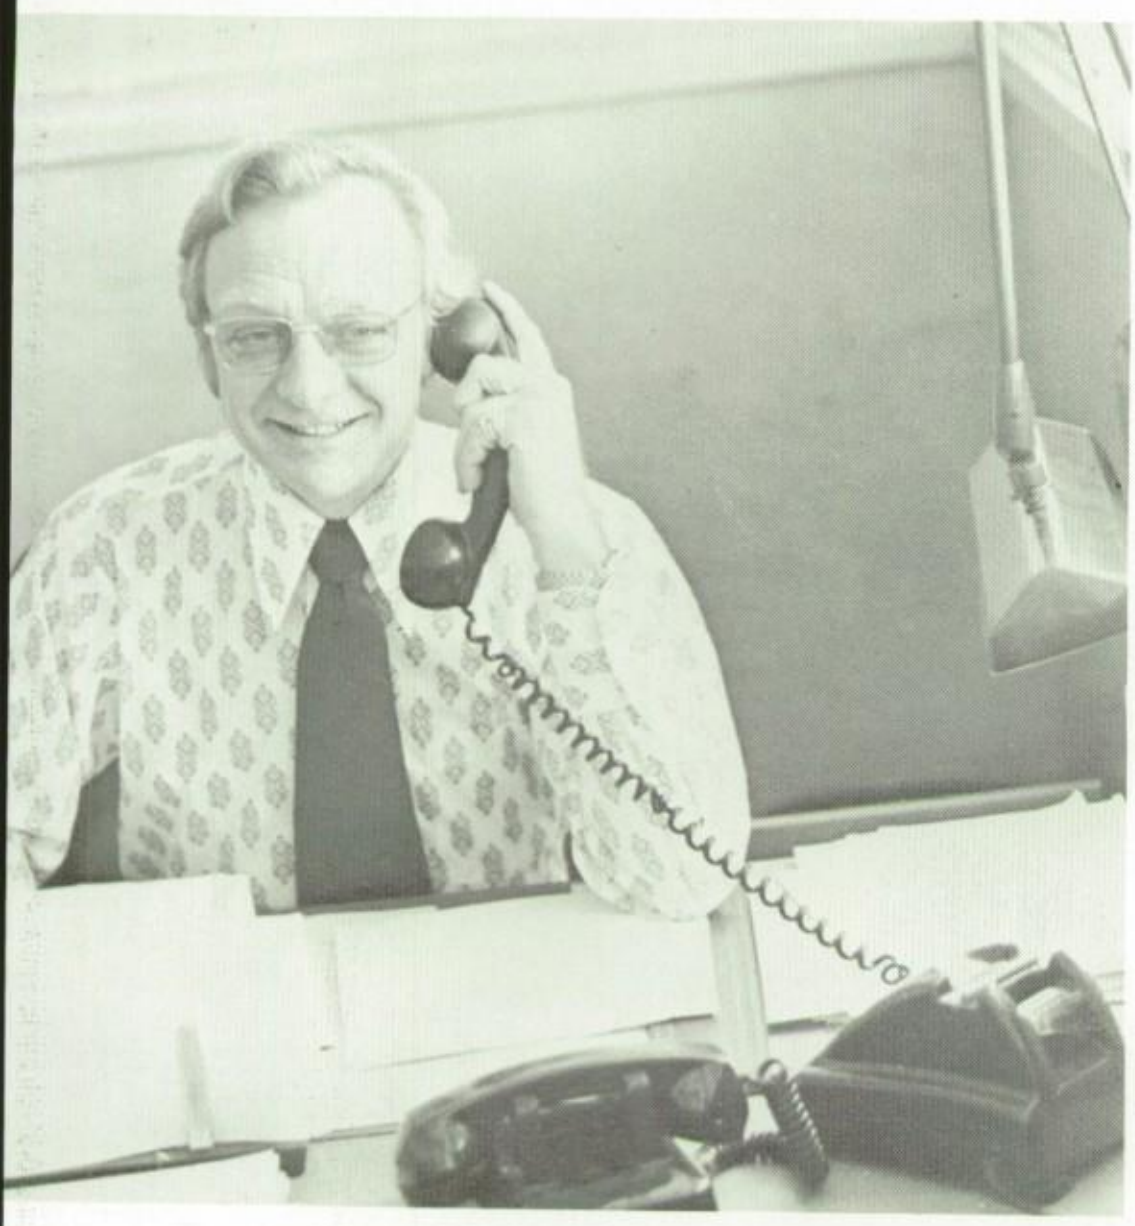
No Money From District

Books Only - No Furniture



"Last year, the graduating class gave the library a cassette player, a phonograph and film viewers," stated Ms. Sally Vilas, head librarian. According to Ms. Vilas, there isn't enough money from the district to buy all these items. Her budget is limited to buying books and magazines to interest the students. Her other responsibilities include training student assistants.

The library now has a wired for sound carrell which is four separate sections so that students can plug in headphones and listen to music on tapes.

"I want to have many new things in the library like lounge chairs and carpeting for the students' use. I want the students to feel like they are in a more casual atmosphere," added Ms. Vilas.

"In the past years, records, films, and other materials were only available to teachers and I would like to see these materials available to the students."

Workman discusses scheduling of classes to the Sophomores. *Top:* Mr. Ben Faulman pauses from his busy schedule to smile for an Arroyan photographer. *Right:* While taking a break in her office, Ms. Sally Vilas. head librarian, checks the mail. *Above:* One of the many fiction sections in the library.

Office Secretaries

Certificated Staff, Classified Staff Maintain Great Rapport

The clerical staff is really just a name applied to what is known in the district as classified personnel. These ladies could all become part of the certificated staff (or teachers) with further training.

"The classified staff is supposed to be of help to the certificated staff," stated Ms. Roberta Strom, registrar at Arroyo. The women in the office are doing a job which otherwise would have to be done by the teachers themselves. According to Ms. Strom, the staff does just that; helps the teachers. "The classified staff and the certificated staff have a great rapport," she added.

Working with Ms. Ann Strohm, chief attendance clerk, is Ms. Nancy Jordan, a newcomer at Arroyo. Ms. Jordan took the place formerly held by Ms. Jean Christian. Health clerk, assistant librarian, and deans' secretary are now assigned to Ms. Christian.

Working as personal secretary to Mr. Orear is Ms. Laura Selvidge. Ms. Gloria Bray did a similar job for Mr. Marvin, vice principal.

Head counselor, Mr. Faulman, had Ms. Addie Richardson to type, take messages, and make daily appointments for him.

Books are just a part of the job of working in the bookroom. Book supply and audio visual maintenence are the duties of Ms. Pat Kintz.

Earning money for the student body is accomplished partially by sales in the student store. Ms. Pauline Schwoyer orders the candy, cokes, and supplies that are sold daily at lunch.

Cafeteria and Custodial Staffs

Food Costs Force Price Rise

Open Campus posed a definite problem to the women who staff the Arroyo High School Cafeteria. When the Board of Education opened up the campus, Mrs. Audrey Hill, cafeteria manager, noticed a decline in the amount of food sales in the cafeteria. After about three weeks and when the newness of the campus situation became normal, the cafeteria discovered that sales began to pick up. With the rise in wholesale food prices, the cafeteria was forced to raise the cost for meals to students and faculty.

The custodial staff, headed by Mr. Carl Cuddihy, kept the school in tip-top shape with daily room cleanings and minor repairs.

Mr. Cuddihy and his staff cheerfully cleaned up all of the toilet paper and other debris that pesky students left during their overnight sprees on campus.

During the summer, the custodial staff supervised the district painting crew who applied two fresh coats of beige and white paint to the exteriors of all the buildings on campus.

Simulation Games: New Spark for History and Sociology Students

Mr. James Boynton, Area Chairmen, stated, "The goal of the Social Studies Department is to teach all young students at the school to live comfortably and productively in a democratic society. It is through social studies that the student government operates."

According to Mr. Boynton, many of the history calsses sparked interest in the students with the addition of simulation games.

"I think the games were good because they were something different from the ordinary taking notes and doing reports," stated Barbara Bowen a participant in the simulation game, "Disunia."

This year Black History was changed to Minority History. "The course gives students the opportunity to understand the problems minorities have in this country through films, class discussions, and reading materials," stated Ms. Mary Camezon, instructor.

English — the tool of success? "No matter what field a person goes into, English is going to be his weapon," stated Mr. Richard Tandowsky, area chairman.

"Teaching may be difficult, but it's not boring," stated Mr. Tandowsky. Being a teacher, you must invent your own method of teaching. Mr. Tandowsky states his loyalty to the teaching staff by stating; "I believe we have a fine selection of teachers who are hard working, dedicated and imaginative."

Last year, there were two more English teachers than there are this year. With the same load of students and not enough funds, this cutback made the classes overcrowded and difficult for the teachers.

The English department began a new program two years ago. As a junior or a senior, one may take elective classes. This choice is better for students who would like to improve themselves in subjects that interest them, such as Man and Gods, Creative Writing, and Reading.

"I would like to have a similar program with mixed freshman and sophomore classes, have a more flexible program than the present one, and break it into units. But this is just a thought now," stated Mr. Tandowsky.

Since the program of electives has been initiated, the teachers have had no time to observe the results. The English area would like to see where the interest of the students lies. After finding out, they would like to start a new program with new subjects which are of interest to the students.

Science and Math

Departments Anticipate Need for New Classes

"Because of a higher academic level in the students at Arroyo more math classes will have to be developed," stated Mr. Frank Casson, Area Chairman of the Mathematics Department. Students beginning in math earlier and summer school sessions could account for the higher level, he added.

Ms. Lois Roach, Area Chairman of the Science Department, also felt that more science classes will need to be added in the near future. But because of demanding schedules on the teachers now, the idea of adding to the curriculum is not too probable, she futher explained.

Areas Set Bi-Lingual, Cultural Goals

"Getting students at Arroyo to speak as many bi-linguals as possible, for students who travel abroad, and for them to use a foreign language in their future lives and careers," was the main goal of the Foreign Language Department commented Ms. Helene Powell, Area Chairmen.

Another successful course offered in the Fine Arts-Foreign Language department was folk guitar for beginners. With more students gaining interest, the class will have a chance to expand into something more promising for those students interested. Advanced band, stage band, instrument techniques, and orchestra were offered again at Arroyo. For the vocalists in the school, mixed choir, girls chorus, and acappella were offered. According to Mr. Thomas Phillips, Area Chairmen, "We try to relate our music to what the younger people want to hear to what the orchestra likes to play."

Concluding the Fine Arts department were courses in drama, stage craft, art, sculpturing, and photography.

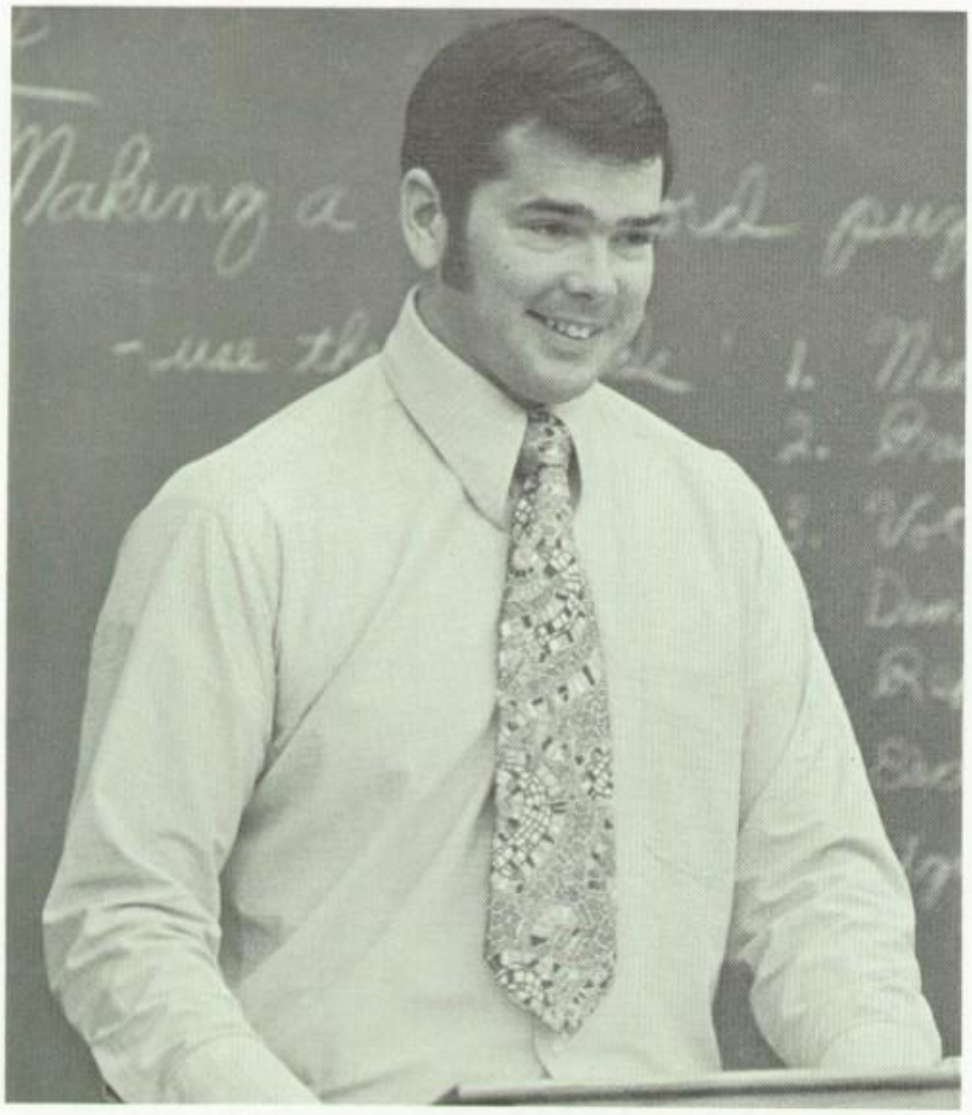
Chairman Strikes Out Against Labeling Students



"I don't like kids labeled because they are slower than others," stated Ms. Thea Swan, area chairman. No one likes to be designated in this way, and according to Ms. Swan, being labeled restricts their learning.

Special Education helps the slower student work through the required academic program of high school. Whenever possible, Special Education students are programed into regular classes.

Arroyo is one of the very few schools that have a program like this. The Special Education program gives greater opportunity for advancement to the slower student.

When asked about her feelings on teaching Special Education, Ms. Swan stated, "Oh yes, I love it. We're moving to Nebraska this year, and the only work I would consider is in Special Education."

Business Education

Federal Money Invested for Two Hour Vocational Class

"Our goal is to help a student find his interest in business and to qualify for a rewarding job," commented Ms. Lois Summersett, area chairman. Since Ms. Summersett became chairman, the area has gained more federal money to invest in a two hour vocational class.

The General Office Education is held in the morning and in the afternoon. The students have the experience of working in an office with different types of jobs that change each week.

All the typing classes, beginning and advanced, are helpful in the students' preparation of future careers. In college, most professors will not accept any handwritten assignments. In any job one might have, typing is an asset.

The Medical-Legal typing class, in its second year, helps students who are interested in a typing job in one of these careers.

Another business class which is only a semester, is Business Law. This class consists of learning about contracts, agreements and real estate. A student can also learn about their legal rights.

In addition to all these business courses, the Regional Occupational Program, in its second year, has developed into a worthwhile opportunity. Otherwise known as R.O.P., this class has expanded its program to assist students in finding jobs for future use.

All these classes help students continue on with their own prospective vocational choices.

Vocational Training

R.O.P. Offers Job Skills for Many

The Regional Occupational Program; otherwise known as R.O.P., is designed to give students from other schools the opportunity to take courses not offered in their own school.
By taking these special classes students will have better job opportunities in the future.
Senior Debbie Fletcher stated that, "R.O.P. is a good class to take for students who want good jobs after high school."
R.O.P. teacher Ms. Marion Bonwell stated, "I think it's marvelous that boys and girls from other schools have the opportunity to come to Arroyo and take classes that otherwise wouldn't have enough students for a class, and to learn about the subjects that they're interested in. It's a good experience."
The R.O.P. classes offered at Arroyo this year were, Medical Legal, Auto Shop, Mechanical Drawing, and a General Office class. Cosmetology, Child Care, Nurses Aid, Pre-Natal Care, Licensed Vocational Nursing, Food Service, Grocery and Retail, Retail Merchandising, Data Processing, and Horticulture were offered at various other schools in the district.

Industrial Arts — Training for the Future

"I feel pretty good about students," stated Mr. Michael Giorsetto, Industrial Education area chairman.

There are two divisions in the Industrial Education field. In the freshman and sophomore years it is called Industrial Arts. This is to give the student an idea of what he might be interested in, in the future. Vocational Education is taught to the junior and senior students. This is to train students specifically for the future.

Very recently there have been more women going into the working field, so it has become more and more important for men to be educated in the field of Consumer Education. The schools have realized this so, very recently, Arroyo students have been provided with bachelor living for the seniors.

Ms. Margaret McMeekin, Home Economics area chairman states, "I feel that the students are enrolled in the class because they have a definite interest in the subject matter, and they are able to apply it to their family life."

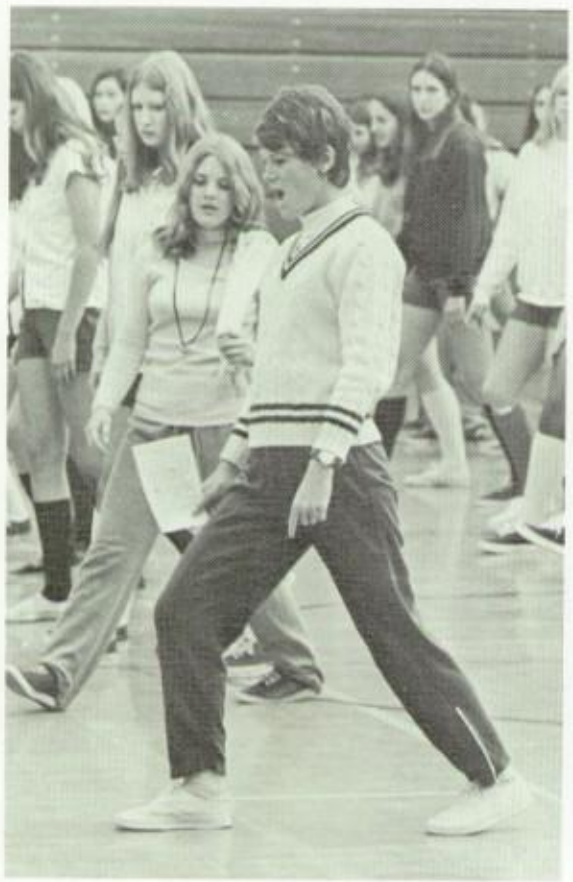
Girls and Boys Learn Together

Co-ed P.E.—New Addition to Program



For the first time at Arroyo, co-ed P.E. was offered this year. Sophomore girls combined with Boy's P.E. classes for such sports as badminton and flag football.

"We've really wanted it for a long time," stated Ms. Thelma Hansen, Girl's P.E. teacher. "But not until this year was it possible," she added.

Girls who took part in the co-ed program appeared to enjoy it. "It was really a lot of fun. The boys were nice and taught us a lot about the sports we played," commented Elaina Burkland, a participant in the flag football portion of the program.

Boys on the other hand were not as excited about the new activity. The general opinion of the games was that they moved too slowly. They felt that this was because of the lack of knowledge of the sports on the part of the girls.

"Our activities may seem overly strenous but they do help the boys," stated Mr. William Bascker, Area Chairman of the Boy's P.E. Department. "The biggest help of this program is to those who go on to a service career," he added.

First Days of School

'76 Welcomed at Two Events

This year, the freshmen were really welcome at the opening dance of the school year. September 22 was the day of the annual Welcome Dance. A lot of people attended and danced to the group, Saba, a local combo. The dance, sponsored by the Student Body Officers, was held in the gym.

As a new attraction for this year's Welcome Dance, the officers promoted a drawing. The purpose of this activity was to promote student body card sales which are used to support the school's activity programs. Each student who held a student body card was eligible for a prize. A student from each of the four classes won a free student body card. They were: Senior, Dennis Linda, Junior, Laurie Holmoe, Sophomore, Ellen Vallejo, and Freshmen, John Borchardt.

Service to School

Student Officers Active in Many Projects

Six hard-working students spent many hours of their leisure time to try to improve Arroyo for the entire student body. These officers were chosen at the 1972 convention, an all day affair held in the gym.

The Preisdent, Jim Bridges, a senior, whose duties consisted of presiding overs Executive Council and leading assemblies, also served as a reporter for the student newspaper, *The Dry Gulch Gazette*.

As another reporter for the newspaper, Cathy Valdez, Executive Secretary, wrote and typed up the minutes of all Executive Council meetings. Cathy, a senior, was also chosen 1972-73 Homecoming Queen.

Dave Partridge was a photographer for another student publication, the *Arroyan*. As Vice President, his duties were leading student council meetings and taking over when the president was absent from school.

The minutes and notes at student council meetings were taken by Kirsten Carlsen, Legislative Secretary. Kirsten was also a Spirit Week song girl for the senior class.

Spirit Week would not have existed without the help of another senior, Jim Stavosky, Commissioner of Communications. Jim organized all activities, along with his usual duties, such as keeping the marquee up-to-date and announcing the bulletin over the speaker system on Monday mornings.

Furnishing the Career Center was one of the main projects of Ron Crawford, the only junior treasurer in the history of Arroyo. Ron, in addition to maintaining Arroyo's budget, was a member of the California Scholarship Federation.

Apathy - Obstacle of Open Campus

A big step was taken toward Open Campus by Student Council this year. Questionnaires were given to students to take home to parents asking their opinions on this issue. With over half the votes tallied, several committees were formed to look into possible problems such as traffic hazards, homeowner complaints, and business restrictions. When all the results of the surveys were pooled, many businesses did not want students entering their places but parents were in favor of Open Campus two to one.

"The biggest problem in achieving Open Campus," expressed Jim Bridges, Student Body President, "is not the red tape, it is the disinterest and unwillingness to work, on the student's part, that gets in our way."

Executive Council, led by Jim Bridges, and consisting of class presidents and the Student Body Officers, passed sales for various clubs and classes.

"The main problem with Executive Council," stated Executive Secretary Cathy Valdez, "is communication with the Student Body. It is difficult to inform 1600 students about everything going on."

Many attempts were made to make the average student aware of problems and events. The bulletin board, *The Student Newsletter,* and the *Dry Gulch Gazette* made available information for students about important activities and Student Government problems, actions, and achievements.

Senior Picnic

Rain Did Not Spoil Fun

The Senior Picnic had been planned months in advance for September 26. The weather had been perfect up to a week before the annual event. But then the rains came and they did not stop. Plans kept on rolling and food was stocked up. All of the seniors had high hopes as September 26 drew near. No one knew whether or not the picnic would be postponed.

The day finally came and eventhough it rained and was generally dismal, over 300 seniors were in the loop loaded down with food and changes of clothing. Everybody was herded into the cafeteria where they waited over twenty minutes for a final decision from the class advisors.

After some prodding by the students, Ms. Vicki Bissell and Mr. Gregg Shepherd, the senior class advisors, made the decision to go on with the event. Then 300 excited seniors made their way to the seven busses outside. The busses were then on their way to the destination — Roberts Park in Oakland.

Once at the park, people scattered all over looking for a dry place to put down their belongings. The seniors then either joined in on any of the football games in the mud, played catch with frisbees, went swimming in the pool, or participated in one of the many other party-like activities.

After about three hours of being dragged through the mud, chasing each other, and prancing through patches of poison oak in an attempt to find a secluded place in the redwoods, the seniors began to trickle back where the loaded busses were leaving.

Alums Return –

Rain Dampens Homecoming — Not Spirit

Friday the thirteenth may have dampened Homecoming Day, but it did not dampen the Arroyans' spirit. Although it was pouring rain, students came to the afternoon football game to cheer on their team to a close battle.

The three Queen candidates were announced at half-time, but due to the rain, all traditional halftime activities during the Homecoming game were canceled.

This year, as in the past, the dance was sponsored by the Megaphone Club to raise money for their future activities. The decorations tied in with the theme very well with authentic haystacks and scarecrows.

"Seagram Nine" played at "Harvest of Memories," the annual Homecoming dance. This group consisted of nine band members who, amazingly, were all alumni of Arroyo High School.

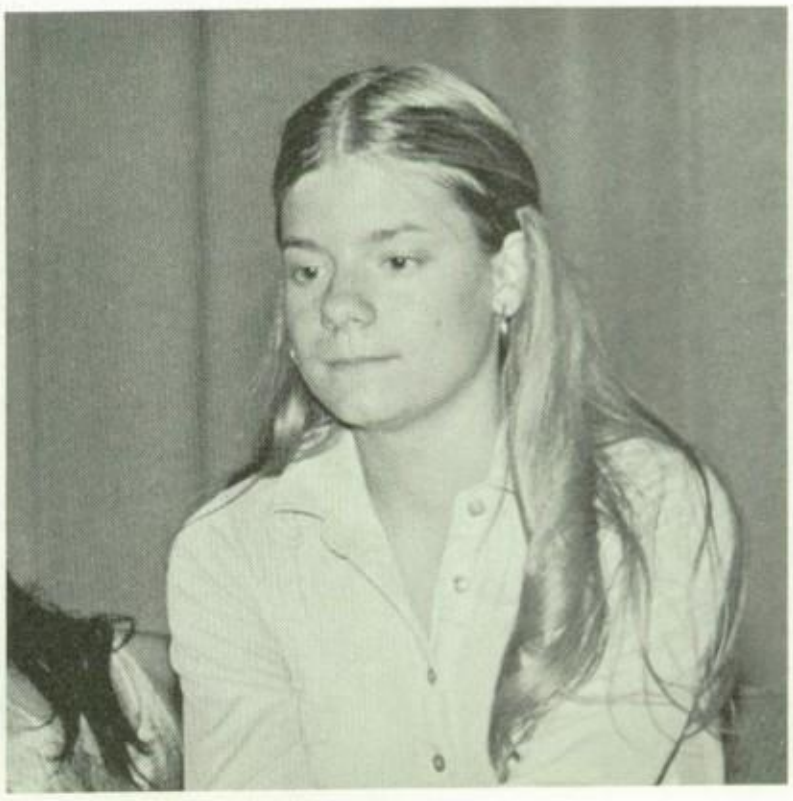
Bad luck day proved to be good luck day for some when excited Ms. Cathy Valdez was crowned Homecoming Queen 1972-73. She was escorted by Jim Stavosky, a member of Arroyo's Block "A" Club.

Upper Right: Mickey Williams and Jeff Zander share in the night's excitement. *Above Right:* Dehlia LaCasse looks worried as it once again begins to rain during the day's game. *Above:* Judy Tavares and her escort, Rick Poling, take time out for a peaceful moment at the Homecoming Dance.

Below: Tracy Anderson and Larry Vanderbeek take a break during the Homecoming Dance. *Center:* Cathy Valdez is overwhelmed after being announced Hmecoming Queen 1972, as Judy Tavares looks on without regret.

Cathy's court consisted of Ms. Judy Tavares, escorted by Rick Poling, and Ms. Mickey Williams, escorted by Jeff Zander. Both escorts were 1972 Block "A" alumni. All three girls received flowers, and Cathy also received a banner and an autographed football from the members of the Varsity Football Team.

Cathy, with a smile on her face and tears in her eyes, was then asked about her feelings on being elected, "I was very honored, I couldn't be thankful enough. People were so nice to me. I always knew that I had wonderful friends, but I would never have expected anything like this!"



Fall Play

Students Enter "Stage Door"

The conflict between hard working Broadway actresses and instant Hollywood stars was brought to Arroyo on November 9 and 10 as the drama students presented "Stage Door." Students rehearsed many weeks in preparation for the production.

The play was set in the Footlights Club, a hotel for Broadway actresses. The hotel was owned by a matronly former actress, Mrs. Orcutt (Trudy Stafne). Terry Randall (Amy Nelson) is the daughter of a former Broadway actress who is determined to make it on the stage. Opportunities arise for her to go to Hollywood and become a star, but she feels that movie actresses are not true stars.

"I wish we had had more time to work on the movements and the projection level," said Mr. Fred Bradley, student teacher for the drama class. Mr. Bradley took over direction of the play three weeks into production and said that he felt it turned out well for being his first play while teaching a high school class.

Throughout "Stage Door", the pressures of trying to get a part in a play that won't flop are brought out. Other performers included; Greg Sutton as Keith Burgess, a playwriter who loses his ideals concerning the stage when he goes to Hollywood to become a screenwriter, and Chris Porter as David Kingsley, a movie producer whose heart is with the stage.

"Stage Door proved to the audience that show business is not an easy life.

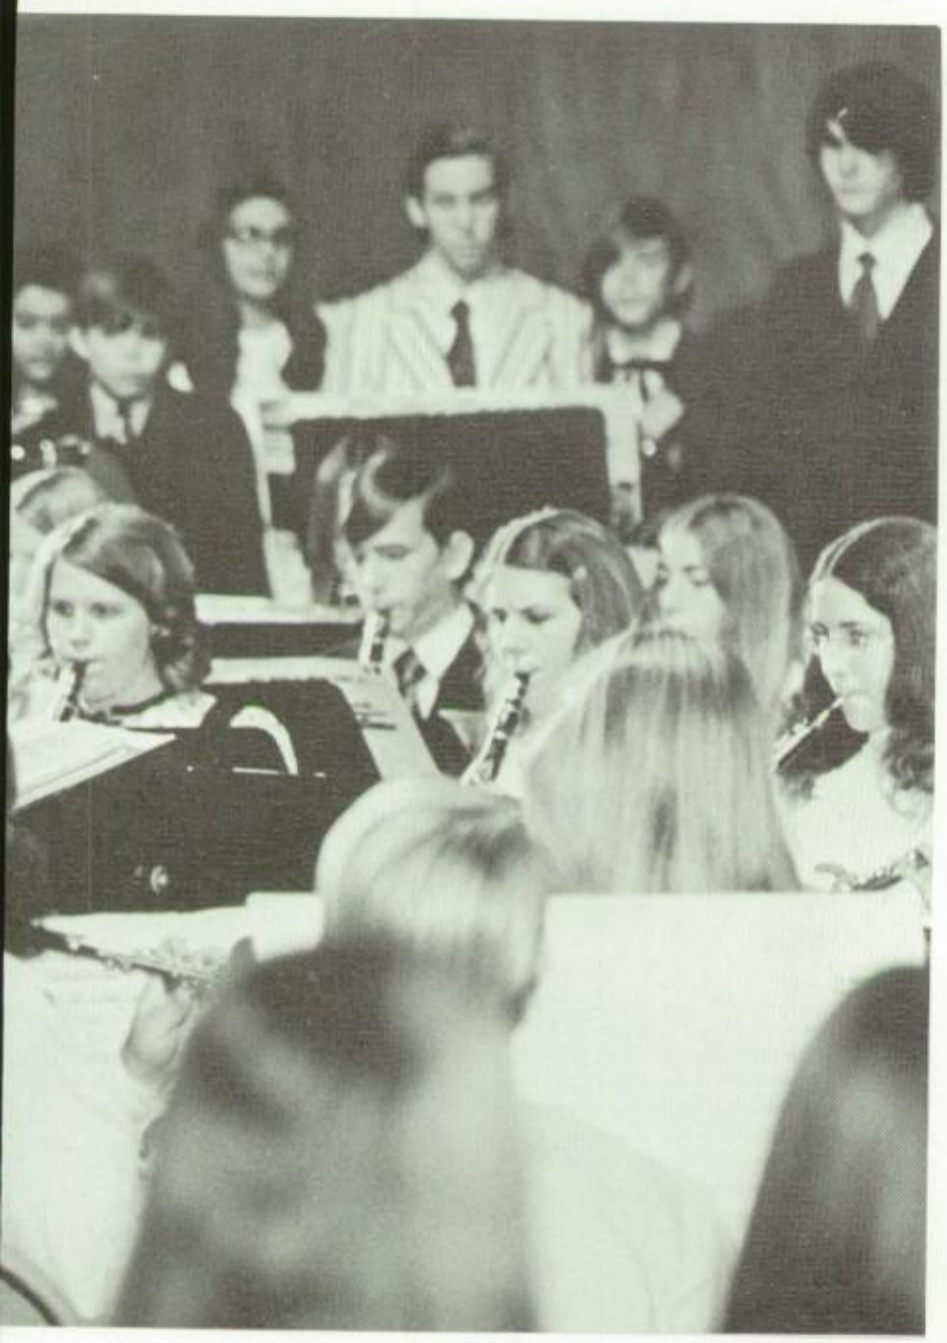
"You've Got a Friend" Sets Mood for Winter Concert Performance



With the help of Carole King and Richard Carpenter, ACappella Choir was off to a good start with the Winter Concert.

On the evening of December 15, 1972 Arroyo's cafetorium was filled with the sound of Christmas Carols, and fall music preformed by ACappella Choir, Orchestra, and the Concert Band.

The orchestra started off the Concert with pretty pieces selected by members of the orchestra such as "Syncopated Clock." As the orchestra finished their last piece ACappella began to file on stage. They chose such songs as "You've Got A Friend" and "For All We Know."

The Choir was followed by the Concert Band performing Christmas songs such as "Home For the Holidays" and "Snow Bells." The Concert was ended by the Choir performing the traditional processional.

The audiance and the Concert Band all joined in the finish with many delightful Christmas Carols, such as "O Come All Ye Faithful" and "Silent Night."

May Concert

Spring Music Brings Golden Memories

The house lights dimmed as the Arroyo Orchestra came on strong during the evening of May 17, 1973. This was the beginning of the annual Spring Concert, which was held in Arroyo's Cafetorium. The performing groups were the Orchestra, A Cappella Choir, Mixed Choir, Chamber Choir, Girl Chorus, and the Concert Band. Each group performed beautifully.
There were four soloists this year who are Ardelle Wold, Susan Lindevald, Rich LaBrie, and Bill Freitas. Also during the instramental portion of the program Micheal Keating had a very pretty piano solo.

The finale was given by the three choirs combined and a rythem section which consisted of the guitar, bass, and the drums. This was all under the direction of Mr. Tom Hart. The piece chosen for the finale was "Bridge Over Troubled Water." Mr. Hart really surprised everyone with his fantastic saxophone playing during the interlude of the song. The finale "finished off a delightful concert," stated Mr. Tom Hart.

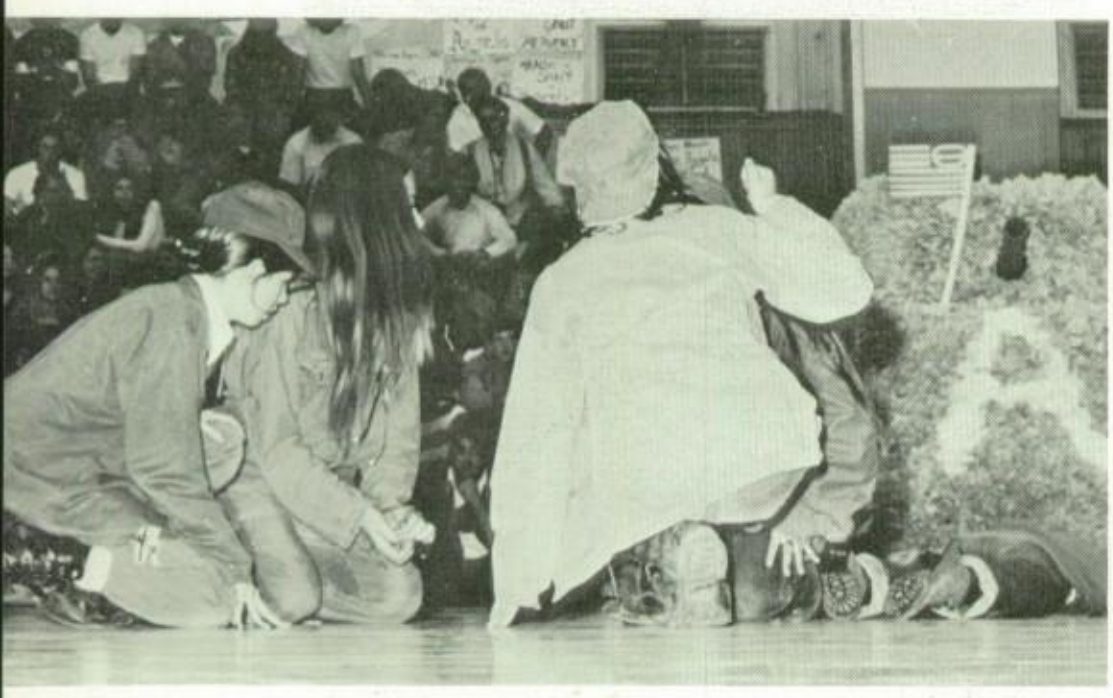
Seniors Take Title

Spirit Week Rivals Unite

Records were broken this year as the class of 1973 won the "Best Overall" award for the third year in a row. A senior class has not won this award since 1965, and no class has ever taken a second place and three firsts in their entire years at Arroyo. Consistency was the key to the senior class victory. The theme "Arroyo's Spirit is Heavenly" was carried throughout the week with angels, a devil, and the support of class members. This lead to victories in all of the contests: pie eating, bubble gum, tricycle race, and the tug-o-war; as well as the dance ticket sales contest. The class of 1974 "Busted Out With Spirit" as their jailbirds and ex-cons led the show on Tuesday, November 28. Black and white striped socks, prisoner caps, and numbered suits, told whose day it was. Then, on Friday at the rally, they escaped with the best rally squad and tied for the best skit.



Freshman Recruits, Cindy Burke, Lori Granados, and Jenny Mendonca, gamble with Arroyo's spirit as they shoot dice to pass the time.

John Freitas, Paul Johnson, Lori Gilmour, and Paul Hagen, contemplate busting out of their jail cell to return Arroyo's spirit.

Afternoon Rally

Experience Not the Key to Spirit Award

The sophomores started the week "Riding the Waves With Spirit" as the blue and white surfers put out their best efforts to come close to winning the spirit jug. They received the "Judges Award" for their participation because they had put out such a fine performance.

"Left, left, left-right-left," was the cry of the green and white as they marched across the stage on Wednesday. The Freshmen showed that experience is not really the key to a good performance, as they were quite prepared and ready for the big day. The loud and excited Freshmen were joyous when their replica of an army tank won as best float and their bootcamp skit tied for best skit with the Juniors.

Social Events

Underclassmen Try New Ideas

The underclassmen of Arroyo tried some new ideas to get students to attend their dances this year.

The Sophomore Dance, held on February 9, was a pizza social. "Sondance," a San Leandro group, played while students ate Shakey's pizza and danced.

Midway through the dance, the name of the Sophomore Queen was announced. Tracy Anderson was crowned queen. Her court included Diane Busch, Kathy Stevens, Carrie Grover, and Mary Goa.

The Freshman held a drawing at their March 16 dance for all pre-sale ticket holders. "Southern Cross" provided the night's music. During the band's break, names were drawn and such things as gift certificates and ice skating passes were given away to all lucky ticket holders.

An excited Becky Swindell accepted the crown as Freshman Queen. Chris, Kallas, Julie Jensen, Catalina Sanchez, and Colleen Silva acted as Becky's court.

Ghanaian And South Americans See Arroyo

"It was wierd coming to an all-white school," said Adelaide Allotey, who attends a private all-girl Catholic high school in her native land of Ghana. "I like it here more than home, though." (Her home here is with Carol Jacobs and her family.)

Adelaide is seventeen and lives in the large city of Accra in Ghana. She says she doesn't miss her family of eight very much, because when she is back in Ghana, she lives away from home at school. Her twin sister is also a foreign exchange student in Santa Rosa, so a part of home is really not too far away.

Adelaide talked for a great while about her country. She said that the police actually rule the country, and many times the Coup' is overthrown by revolutionaries. "Our elected officials rule until they die." At the present time, a council of four officials rule the country.

The main religion is Moslem, though there are also many Christians.

Adelaide attends a high school which is about 100 miles from Accra in Cape Coast. Uniforms are worn to most schools. "If you wore pants to school you would be suspended!" exclaimed Adelaide. Uniform skirts can be no higher than two inches above the knee.

Adelaide lives in a dormitory at school. "Sometimes we find that a snake has crawled under someone's pillow, or scorpions are in the room, or monkeys, but it doesn't bother us."

English is Ghana's national language, but many other dialects are also spoken.

Some customs are strict in Ghana. "You are a legal adult at 21. You cannot drive, drink, or go out on dates until you are 21."

Adelaide hopes to go into nursing after finishing school. "My uncle might send me to Britain to study next year," mentioned Adelaide. "I don't know if I want to go."

There is one thing that Adelaide does miss from Ghana-food "We have peanut butter soup in Ghana. It's really good!"

Far Left: Adelaide enjoys listening to the stereo headphones at the Jacobs' house. *Middle:* Adelaide talks on the telephone to her twin sister, who is a foreign exchange student in Santa Rosa, California. *Above:* Adelaide watches and listens closely as she sings in her girls' chorus class.

Arroyo had an opportunity this year of having two foreign exchange students from South America.

Liliana Moreno came to Arroyo from Sogamoso, Colombia.

"School starts in January in Colombia," said Liliana. "That's why I came in January." Liliana is staying until next January with senior Kathy Dailey and her family.

School is different in Colombia also. Liliana attends a private Catholic girls' school in her home town, to which she must wear a uniform.

The hardest thing for Liliana to get used to after arriving in America was the language. A Spanish-English dictionary was a common sight among Liliana's possession during her first few months at Arroyo.

Liliana, who wants to be an architect, has friends who are exchange students in San Jose and Arkansas. She enjoys receiving letters, especially from home. She also enjoys Young Life, and attended Young Life weekend camp at Mt. Herman during the year.

Before leaving for home next January, Liliana would like to visit Disneyland.

"It's different when you learn English in school and when you actually speak it," said Lucy Silva.

Lucy speaks English quite well for only being in America since January. She came to live with Freshman Kathy Amos and her family from Rio de Janeiro, Brazil.

One of the things about home that Lucy misses most is her friends. "We go to concerts, museums, or movies (when we go out. Movies are not so expensive at home. I love to go to museums."

Another of Lucy's loves is the ocean. She lives about two blocks from the beach in Rio. "I think part of the ocean is inside of me," said Lucy.

Lucy would like to do much more travelling before going home.

Foreign Exchange

Students Sent From Japan and Norway

"McDonald's!" exclaimed Hisayo Uchida, when asked what her favorite American food is.

Si, as she is known at Arroyo, arrived in America last summer from Oizumi, Tokyo, Japan. Since her arrival, Si has had the opportunity to visit San Francisco, Lake Tahoe, and Carmel with sophomore Donna Bennett and the rest of the Bennett family.

Si talked about her country and its differences in comparison to the United States. "In Tokyo there is much more air pollution," Si explained. From 9:00 a.m. until 6:00 p.m. on Sundays no cars, buses, or trains run. People walk.

"Dog food is very expensive in Japan," said Si, who buys it for her only pet at home.

"Coffee is expensive, too. Here in America, one cup is 10 ¢, but in Tokyo, a cup of coffee is 70 ¢. It is expensive because we don't have much room to grow things."

Because there is little room, houses are very small, though most of them are two-story.

Another difference about Tokyo that Si mentioned is that there are no street signs. If you want to find something, you just have to look for it.

Si, who is 18 years old, likes the United States, and says that the main problem she had when coming to America was the language barrier.

"I could understand, but not speak."

During her spare time, Si likes to listen to music (classical and popular) and to cook.

Though many things about Japan are different, some are basically the same as in America. Children start school at age seven and graduate from high school at eighteen. High school is three years long. Students get a two month summer vacation and a winter and spring vacation also. (The weather of Tokyo is very much the same, so vacations are seasonal. Christmas and Easter vacation are not taken.)

Before going back to her one sister and parents in Japan, Si hopes to visit Yosemite, Disneyland, and Hollywood.

Middle: Hisayo Uchida plays the piano at the Bennett home where she is living. *Above:* Si seems amused as she does an English assignment in her class at school.

"I love Bear Valley," said Liv Due. "I would like to come to California after I finish school and live in Bear Valley."

From this first impression, it has probably been guessed that Livi likes to ski. "In Norway you start skiing when you start walking. You don't start racing until seventh or eighth grade."

Livi is Arroyo's foreign exchange student from Oslo, Norway. She says that she misses her family back home, but by being away from them "You learn to appreciate them more."

Livi has had the opportunity of living with two American families since her arrival last summer. She lived with senior Amy Nelson's family until about the end of the first semester. When an illness in the Nelson family created complications, Livi went to live with Linda Murphy, also a senior, and her family. Livi said that by living with two families she learned a little more about American family life in different homes.

Livi says she has not been very homesick because she has had some visitors from Norway, and also one of her friends is an exchange student in Sacramento. "I didn't realize I was homesick until I went to visit my friend one time," explained Livi. "Seeing her and hearing Norwegian again made me a little homesick."

After going back to Norway, Livi will study art, but she hopes to come to California again soon. "I want to come back like some of my friends have and teach skiing at Bear."

Lettermen Society

Arroyo's Block "A" Has Gone 'Cave"

Has Block "A" gone cave? This was the question that was whispered around school as the members of Block "A" showed their cavemen tactics. Posters and yells were made up to show their originality.

In addition to being "cave," Block "A" was involved in many different activities. In both basketball games against the faculty, but this year they also had one against Marina.

Block "A" lost to the faculty 28-26, and unable to face defeat, they challenged Marina's Block "M". The cavemen won the game by a score of 14-12.

This year Block "A" sold pre-sale tickets to both of the donkey basketball games.

When asked his feelings on the club, senior and treasurer Russ Kastonos stated, "Block 'A' had no organization this year. I think the rules should be changed and there should be more discipline in going to meetings and activities of the club."

Students Try to Convey Theme

Arroyan Staff Works Toward Friendship

The 1973 *Arroyan* staff attempted to produce another new and different yearbook. One of the hardest things about being on the staff was realizing how much real work went into the book. A field trip helped bring about this realization.

On January 26, 1973, this year's *Arroyan* staff visited the American Yearbook Company plant in Visalia, California where our book is published. The students who attended found the experience very interesting. No one had any idea that a yearbook took so much time and work. When asked why they took the class, most staff members replied that they thought it would be easy and fun. Now they know otherwise. No one knew how hard this class would turn out to be. They found out that it was not a lot of games.

The theme of this year's book is "Friendship," brought out in the sections by editor, Sue Soffiotto and assistant editor, Debbie Blanchard. Sue had a difficult time getting the book together. She and Mr. Richard Lloyd, adviser, wanted this year's book to be something different.

At first, when the class started, no one seemed to get along very well. As the year went on, the students seemed to start helping each other and being what the theme says; "Friends." The whole class hoped the book reflected the friendships made in the class as well as out of class.

Students Strive for Better Publication

Gazette Staff Works for Improvement

The 1972-73 *Dry Gulch Gazette* staff worked all year to make major improvements on the entire look and story quality of the paper. First semester editor, Karla Nisley worked with the staff to create better page layouts, improve picture quality and make sure that headlines fit and stories were acceptable. A whiter paper was used in printing the *Gazette*, and a simpler masthead was created by Mickey Williams, making the paper look up-to-date.

"I think our class works well together," comented John Stowers, business manager of the *Gazette*. Almost all deadlines were met, and everyone worked hard to improve the story quality.

"If we weren't hampered by money, we could do a lot more as far as improving our writing ability," exclaimed Mr. Richard Lloyd, the *Gazette* class advisor. The biggest problem that the staff had was trying to sell enough ads to support each edition of the paper.

To add to the class' income, the *Gazette* sponsored a drawing in which two tickets to Neil Young's Oakland Coliseum concert were given away. The *Gazette* also worked to bring their financial problem out into the open by talking with Ms. Glenna Zolling, Teen Editor of *The Daily Review*, about financial problems and solutions to these problems.

One of the biggest changes in this year's newspaper was in the type of stories printed. More emphasis was put on community interest stories and on bringing out problems of our area, instead of writing the "same old news" that comes out year after year. Such subjects as the school board elections, open campus and Ms. Eleanor McGovern's visit to Chabot were printed during the year.

Outcome of Trial Unknown Until Conclusion

Twelve Chosen From Audience to Play Jury in Trial

The Spring Play was a bit different than previous plays held here at Arroyo, as the outcome was unknown, even to the actors. Before the play, entitled 'The Night of January Sixteenth,' began, thirteen 'jurors' were chosen from the audience to determine the verdict for the defendant, Karen Andre, played by Cathy Burnett. She was found not guilty by the jury on both Thursday and Friday nights. Karen, an accused murderer, was defended by Defense Attorney Stephens, portrayed by Chris Porter. Rich Labrie played the other lawyer, District Attorney Flint. Presiding over the court was Pat Randolphi, posing as Judge Heath who kept order throughout the trial.

Juniors Present "The Matchmaker"

The Junior Show, entitled "The Matchmaker," proved to be a successful and profitable event despite many negative attitudes by both students and teachers.

"Many people did not think we could have a play that would be good," expressed Dianne Garcia, producer of the show. "However, after the play was finished, everyone felt it turned out really great."

The play, which is a non-musical version of "Hello Dolly," is the story about a lonely widow, Dolly Levi (played by Lori Gilmour) who tries to match people up.

Other characters in the play were Horace Vandergelder (portrayed by Greg Labrie), Cornelius Hackl (played by Greg Sutton), and Barnaby Tucker (acted by Casey Jennings).

Programs and tickets for the play, held May 10 and 11, were handled by Deanna Lien. Dave Brandt was in charge of publicity and Greg Sutton served as scenery designer.

Interested Girls Keep F.H.A. Going

F.H.A. Assists Homemaking Area

"Future Homemakers of America," began Ms. Laura Hooper, club advisor, "exists for the purpose of interesting girls in home economics and providing a group situation using homemaking skills."

As with other clubs at Arroyo, the main objective of F.H.A. this year was to raise money for club use. Since school started in the Fall, F.H.A. has sold Halloween cupcakes and Arroyo pennants. All sales consist of items made by the girls themselves during club meetings. The money raised is used to buy a piece of equipment for the Homemaking Department that cannot be purchased with the school's budget.

F.H.A. Club officers were President, Linda Snider, Vice President, Linda Dugan; and Secretary-Treasurer, Linda Hammond.

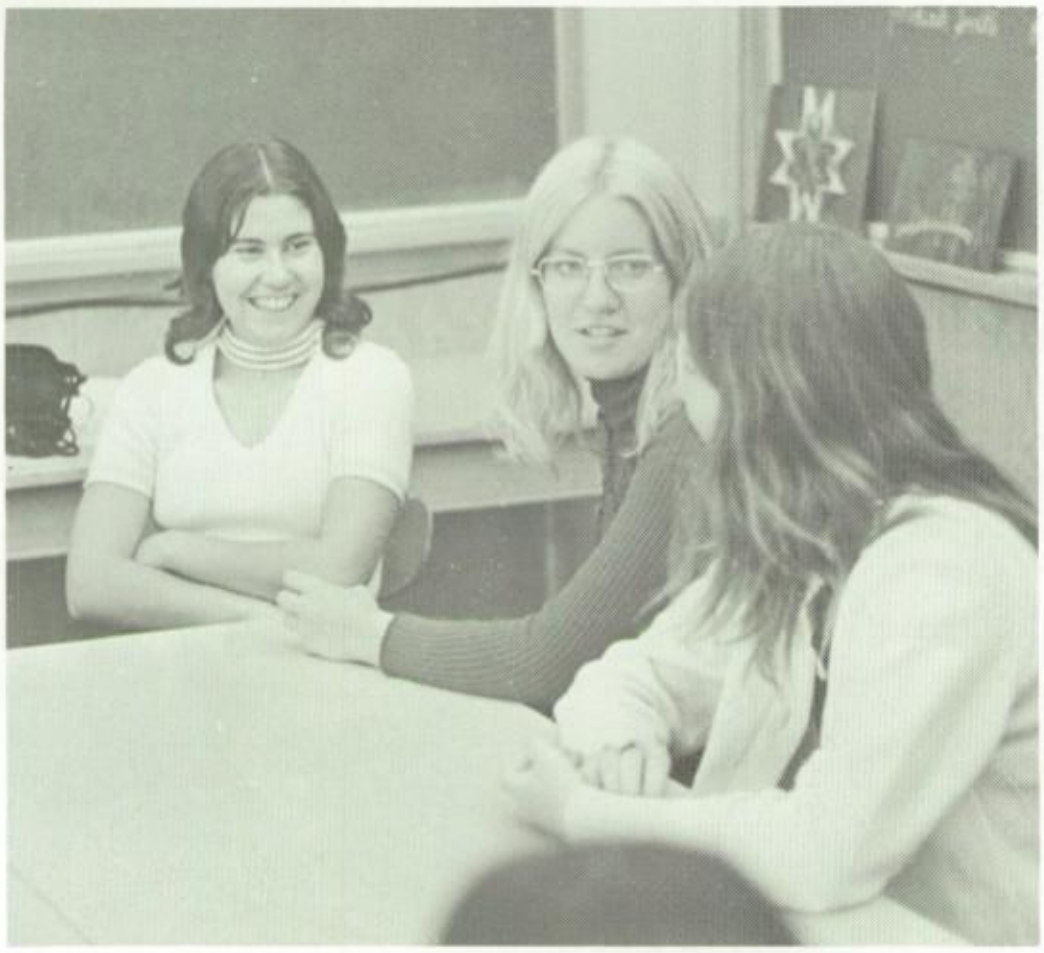
Two Successful Car Washes

Megaphone Club Boosts Treasury With Hard Work



Starting out "in the hole," Megaphone Club set out to raise money to boost their treasury.

Beginning with a car wash at the end of last year, the girls worked toward sending the rally squad to Squaw Valley Cheerleading Camp at Lake Tahoe. Another car wash was held this year to help out the 1973-74 squad.

Licorice was sold, along with the traditional spirit ribbons and buttons. Megaphone also received a portion of the money made from the T.O.C. basketball games at the Oakland Coliseum.

Working with Ms. Swan to make this a very successful year for Megaphone Club were Judy Scott, President; Lori Gilmour, Vice President; and Mary Jane Lucas, Secretary-Treasurer.

Sound Crew

Students Run School Events

At most of the basketball and football games, swimming and track meets, rallies and assemblies, and an occasional P.T.A. or student council meeting held at Arroyo, seven boys, known as the Sound Crew, stood by to contribute their electronic skills for these events.

The Sound Crew was made up of Joe Avram, Terry Allen, Brian George, Brett Hales, Dave Horton, Charles Martin, and Charles Weber. Mr. Mitch Hoag was the advisor.

"The boys really do a terrific job," stated Mr. Hoag. "The Sound Crew puts in a lot of hours during and after school to assure that the various activities run smoothly, as far as sound goes."

In addition to donating their time to various school events, the Sound Crew also provides sound for different outside organizations which use Arroyo's facilities.

Flea Market Dropped

C.S.F. Sponsors Car Wash

The annual flea market, which California Scholarship Federation has sponsored in past years was discontinued this year because of a shortage of time. Instead, C.S.F. held a car wash at the Mobile gasoline station on Grant Avenue in San Lorenzo to raise money for scholarships.

Ken Heargreaves served as club president all year, along with Kathie Bowen, vice-president, Liz Litov, secretary, and Rachelle Bergman, treasurer. Mr. Bill Field served as advisor for the club.

A trip to Stanford University was also on the agenda as C.S.F.ers travelled over to Palo Alto to tour the campus.

French Club

Club Treasury Foots All Bills

Because of an abundance of money-making activities and great enthusiasm at club meetings, the French Club's field trips were financed by the treasury alone.

The people responsible for the very successful year were Debbie Salentine, president, Paul Johnson, vice-president, Karla Nisley, treasurer, Veronica Dickey, secretary for the first semester, Nancy Schneider, second semester secretary along with Ms. Helene Powell, advisor.

"The French Club has got to be one of the most active groups on campus," exclaimed Ms. Powell. "I think it's wonderful that they have been able to enrich their lives culturally, on the field trips, while having fun. The hard work certainly paid off."

The biggest money-makers were the paper drive and sucker sale, netting $100 each.

To spend all this accumulated money, the club sponsored a dinner at the Tri-Color Restaurant in San Francisco, attended the play, "Cyrano DeBergerac," and witnessed the French pantomist, Marcelle Marceau.

"Not As Active"

Spanish Club Officers Inaugurated at Banquet

"The Spanish Club has not been as active this year as they have been in past years," confessed Ms. Helene Powell, Spanish Club advisor. "Almost all of the activities the club has participated in have been shared with people from the Spanish classes."

All the members of the Spanish Club are in a Spanish class sometime during the day, but not all students in Spanish classes wish to join the club. Those students who did wish to join, and take over leadership duties, were Evan Field, president, Pete Zucca, vice-vice-president, Cathy Cate, secretary, and Dave Brandt, treasurer.

Among the activities which the Spanish Club participated in were a visit to the Latin American Library in Oakland, and a banquet at Tito's Restaurant.

1973 Convention

Crawford, Fimby Chosen As Next Year's Leaders

"What I would like to see done at this school is for the lines of communications to be opened so that students and faculty can sit down and discuss their problems," stated Ron Crawford, 1973-74 Student Body President. With that goal in mind, he and vice-president-elect Ray Fimby plan to make Arroyo a more enjoyable and relevant place to attend school.

Ron and Ray were nominated on April 30 at the annual nominating convention held in the Arroyo gym. The student body voted on May 10, placing the two in office.

Other officers for next year are Mary Jane Lucas, Executive Secretary, Janaan Steger, Legislative Secretary, Janet Stavosky, Commissioner of Communications, and Chris Hauck, Treasurer.

The delegates were chosen from their Social Studies classes on the ratio of one delegate to seven students. Each delegation represented a state and voted for the candidate to whom they and their class felt would do the best job in office.

Time proved to be a major problem., by lunch time only the office of treasurer had been covered. But by rushing through the other offices, all candidates had been chosen and delegates allowed to go home before five o'clock.

Chabot Winners, Too!

Rally Squads Place at Tahoe Competition, Bring Back Spirit

It seemed as though all the hard work and preparation paid off for the 1972-73 Rally Squad when the "Day of Judgment" came at Squaw Valley Cheerleader Camp. The varsity song girls took an unexpected first-place trophy.

The lucky song girls were Judy Tavares, Dehlia LaCasse, Ann Hawkins, Michele McCarney, Roxane Stevenson, Diane Busch, and head, Theresa Marchese.

Fingers were crossed and all breathing ceased when the yell leading winners were announced. Hopes were high that Arroyo might receive another trophy, but the girls instead won a better award; the NCA (National Cheerleader Association) Spirit Stick.

The Spirit Stick was not enough for the yell leaders as the girls were determined to win their own trophy for the school. The Chabot College Competition was the place.

The junior varsity yell leading squad, headed by Sue Speas, with Eloise Harris and Mary Chalifous, worked hard in supporting the junior varsity teams and contributing to the varsity rally squad.

Determination and dedication were the qualities that kept these girls going. Practices after school, rallies to promote school spirit, game attendance, posters, and favors for the team were among the many rally squad responsibilities.

Under the leadership of advisor, Mrs. Thea Swan, the girls worked out various problems within the group.

Mrs. Swan and her husband drove the song girls to two Forty-Niner games at Candlestick Park, where the girls had the privilege of performing.

Mrs. Swan has always shown a special interest in her girls. Each of them feel that much is owed to their advisor for her help and patience, and have re-named her "Mom."

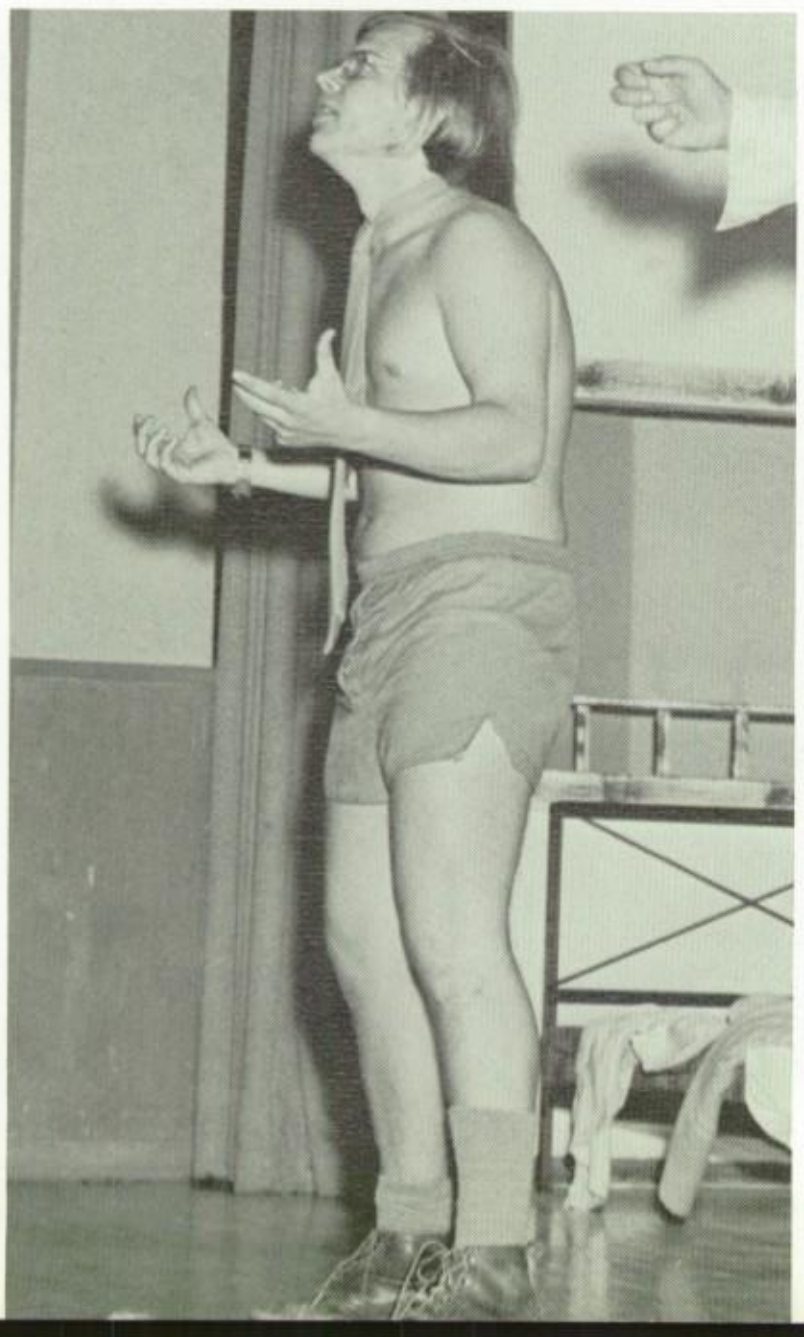
"Godspeed" Comes to Arroyo

Seniors Present Successful Show

"Hilarious," is one of the best words to describe "Room Service," this year's Senior Show. Directed by Chris Porter, this play proved how much fun students can have while putting on a successful production.

The plot of the story was at times confusing, but what really made the play good was the aid lib acting that the students did when lines were forgotten.

"Room Service" was about a play, "God-speed," and the problems that its producer, Gordon Miller (Rich LaBrie) had in keeping up the cast's and his bills while trying to find a backer for the play. The cast is living in the White Way Hotel, at the expense of Joseph Gribbil (Phil England), Miller's brother-in-law and the manager of the hotel. The cast has built up such a large bill that they have been asked to leave.



At this news, Gordon Miller must ask his cast members to stay out of sight at all times while he prepares to skip on his bill. Just as he is ready to leave, Leo Davis (Allen Shrewsbury), the author of "Godspeed", arrives to see how the play is going.

Miller is forced to give up his plan to leave when he receives word of a possible backer whose agent plans a visit. In order to be able to stay in the hotel until the deal is settled, Miller and his associate, Harry Binion (Chris Porter), convince Leo to play sick so they can keep their room.

As the show itself went on, the actors used ad lib as their biggest asset. One of the funniest acts in the show was a scene when Allen Shrewsbury pulled a drawer out which fell on his toe, knocking over an end table, which in turn knocked a large pitcher of water and the phone onto the floor. Allen fell onto the couch, laughing, and didn't stop until the other actors reentered the stage and continued their lines.

"Allen Shrewsbury and Jay Todd stole the show," commented Carol Ferdinand, stage manager. Allen played the rather gay-acting Leo Davis, author of "Godspeed." Jay Tod played Gregory Wagner, a hot-tempered man with a continuously yelling voice whose job it is to see that the hotel is running smoothly.

Other actors and actresses included Martin Acuff, who played a Russian actor, complete with an accent; Nancee Boice, who played Hilda Manney, Leo's love; and Ralph Grohs, in his role as Timothy Hogarth, a bill collector searching for Leo Davis throughout the show.

"One Starry Night"

Big Event for Class of 1973

This year's long-awaited Senior Ball took place on Friday, May 18, 1973. The 140 couples who attended "One Starry Night" began to fill the ballroom at 9:00 p.m. Many couples arrived as late as midnight.

Working hard on this activity was General Chairman, Judy Tavares, who handled the major arrangements. Queen arrangements were taken care of by Judy Scott.

"One Starry Night" was held in H's Lordships' Georgian Ballroom on the Berkeley Marina. Couples dined at various restaurants in the Bay Area before arriving at H's Lordships, but also had the choice of enjoying an 11:30 p.m. buffet supper served at the Ball. The idea of having a midnight buffet was very different from previous Senior Ball programs.

With midnight approaching, senior class President, Chris Porter, was introduced to announce the last queen for the Class of 1973.

After the candidates were gathered be-before the crowd, the runners-up and the queen were announced. At the stroke of twelve, Jan Vallejo, escorted by Norm Gough, was crowned Senior Queen by last year's queen, Carol Busch. Included in Jan's court were Teresa Bokanich; Nancee Boice; escorted by Keith Barker; Judy Tavares, escorted by Rick Poling; and Sally Titus, escorted by Darian Beebe.

Entertainment was provided by "Gropus Cackus" who topped off the evening with a few rowdy numbers. A highlight of this entertainment happened when, after some persuasion from fellow classmates, senior Susan Lindevald sang with the band as they played "Color My World" for the couples.

The Senior Ball ended at 1:00 a.m. as everyone left for their own private parties to finish off a perfect night.

Active Seniors Are Recognized

On Thursday, June 8, 87 seniors and their parents gathered in Arroyo's cafetorium for the senior recognition tea. Students and parents alike enjoyed choosing refreshments from the large spread provided by the Arroyo High School P.T.A. After everyone was settled, the program began.

The opening speakers included Ms. Shirley Kesterson, President of the P.T.A., Mr. Paul D. Ehret, Superintendent of the San Lorenzo School District, and Ms. Corinne Aitken, a trustee of the District.

The A Cappella Choir sang a few selections, including a solo performance by Bill Freitas in the spiritual song "If I get My Ticket." The choir ended their program with the "Alma Mater."

After a short introduction by Mr. J. F. Orear, Ms. Joanne Knowles began to announce the awards and honors won. High awards received included the Alameda County Sheriff's Good Citizen Award, received by Liz Litov, and the Arroyan Awards, received by Jim Bridges and Liz Litov.

Recognition was also given to student body and class officers, and class queens.

Seniors Rise Early

Breakfast Starts Graduation Day

June 14, the final day of school for the class of 1973 began with the traditional senior breakfast. Students and invited faculty members gathered in the cafetorium at 7:45 a.m. to line up for the meal. Breakfast included eggs, sausage, hash browned potatoes, and coffee cake.

After the meal, senior class president, Chris Porter acted as master of ceremonies and began the program by introducting the guests. Included was Mr. Paul D. Ehret, Superintendent of the San Lorenzo Unified School District.

Senior Bill Freitas entertained the audience with his rendition of an old Beach Boys' favorite, "Graduation Day."

Finally the senior edition of the *Dry Gulch Gazette* and the senior wills were distributed. The seniors also received information on their first reunion to be held in five years.

Graduation Speakers Present Views of Concern to Students, Adults

On a sunny and slightly breezy June 14, seniors were told to arrive at 5:45 p.m. in A Hall to prepare for the graduation ceremony. Students were assigned to rooms in which to check in their caps and gowns and to leave their belongings. At 6:00 p.m., the seniors lined up near the loop fully gowned and ready to walk down to Carl Bourne Memorial Field.

The red and black lines walked out onto the track and filed into their seats promptly at 6:30 p.m.

The invocation was given by Student Body President, Jim Bridges. After the "National Anthem," and a welcome by Mrs. Georgia C. Henderson, president of the San Lorenzo Board of Education, the three senior speakers took their turns at the podium.

The first speaker was Senior Class President, Chris Porter. He suggested that each student in any class has different educational needs an should be able to adjust graduation requirements to meet his own educational goals.

Class Valedictorian, Elizabeth Litov, gave her speech entitled, "Life is Just One Damn Thing After Another." Liz's theme was on how life is a series of routines. "How we go about our routines determines if we have variety in our lives or get caught in a trap. Liz then used a parable from the Gospel of Matthew to illustrate her point.

"Now that we are graduating, it is time for us to pass judgement on Arroyo," commented Jim Bridges in the opening lines of his speech on "Quality

Jim insisted that Arroyo does not prepare students for the adult world mainly because of the lack of funds. He also suggested that the taxpayers of our community push reapportionment of school funds throughout the state.

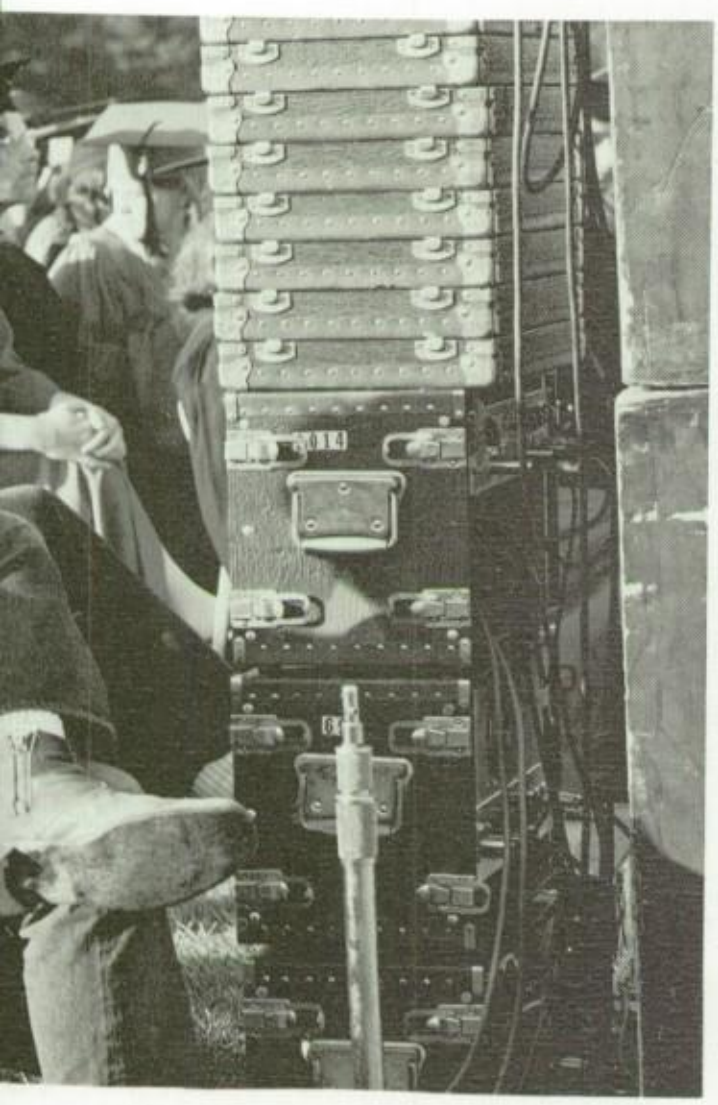
Congratulations in Order for Graduates



With the speeches completed, the remainder of the program took place. Ms. Joanne Knowles, Dean of Girls, presented the awards and honors winners. Then the band played a Simon and Garfunkel medley.

After presentation and acceptance of the Class of 1973, diplomas were distributed by Mr. J. F. Orear, Principal, and Mr. Paul D. Ehret, Superintendent. One by one, the 421 graduates were congratulated and handed their diplomas.

Soon the students filed through the crowd to meet the congratulations of friends and to leave after the ceremonies were over. A night of celebration was ahead for the Class of 1973.

Disappointing Season — Dons Finish Last

For the Arroyo Dons, the 1972 football season will be an easy one to forget. With a final record of three wins and seven losses, Coach Mike Tompkins had this to say; "Football is a game of inches and breaks. Some years you get tham, others you don't. This year, we didn't."

The Dons started off their year with a pair of disheartening losses to Amador by a score of 34-0 and to Sunset, 54-7. With a record of no wins and one loss in league, the Dons drew a bye and traveled to Newark to bag their first victory of the year by a score of 13-6.

Coming back home to play their arch-rival, San Lorenzo, was next on the Don's schedule. A play that was put in specially that week — the half-back option pass, proved effective as tailback, Dave Agliano threw long to Bill Freitas for 67 yards and an Arroyo Don victory.

The Dons dominated against the Tennyson Lancers. Moving the ball almost at will, Kimo Chu, Dave Agliano, and Ed Farris combined for a total of 205 yards on the ground. "Key mistakes hurt us," stated Head Coach, Tony Machutes. "With only seconds remaining in the game, we were down by five points. We had a first and goal from the three yard line, but fumbled the ball away."

Playing at Castro Valley was almost a carbon copy of the week before, except this time the Dons led the Spartans with only 19 seconds remaining. A 54 yard run by Castro Valley's Randy Nordman killed Arroyo's hopes as Castro Valley pulled out the game by a score of 28-22.

Dons Upset Titans In Battle for Pride

Boasting a two win, six loss record, the Dons had to play the first-place Marina Titans.

With what was the upset of the year in the H.A.A.L., the Dons came to life to trounce the Titan team 15-14. A 57-yard run by Kimo Chu and a 15-yard pass reception by Ted Otterstetter were the two Arroyo scores.

"The Marina game was the one in which we didn't make mistakes," commented Mike Tompkins. "Of course, one game doesn't make a season."

Two Arroyans made All-League in 1973. They were Tight-End, senior Ted Otterstetter, and Defensive-Tackle, Bob Perreira.

Despite the poor season, both coaches stressed, "We were never outplayed. Our own mistakes were the reasons for losing."

Honors voted by the team were: Most Improved, Larry Roberts; Most Inspirational, John Nunes; Most Valuable, Ted Otterstetter; and Captains, Russ Kastanos and Dennis Linda.

J.V. Football

Injuries, Lack of Personnel, Key to J.V. Season

"Lack of personnel" was the only way Coach Bill Basacker could sum up the 1972-73 J.V. Football season.

"We started out the season with a 25 man squad, but with injuries people dropping out, we had to play most of the season with a 16 man squad," Coach Basacker explained.

The J.V. team posted a 2 win - 5 loss record over the season "You just can't field a winning team with only 16 people. We would start the game all right, but with the majority of our players going both ways over four quarters, we just got tired, the other team can keep throwing fresh bodies at you," admitted Coach Basacker.

The strong point of our team was the defense. They always kept us in the game and never let the other team get more then ten ahead. The defense repeatedly gave the offense chances close to the goal line which resulted in many scores.

"Injuries also played a big part in our season," Coach Basacker stressed. "First we lost tailback Ken Marlin in the Castro Valley game, then quarterback Willie Devoto broke his ankle against Hayward.

Awards noted by the players at the end of the season were most Inspirational, Britt Wiese; Most Improved, Ken Grace; and both Ken Marlin and Willie Devoto were noted most Valuable.

Individual Stars Highlight Frosh Season

Under the direction of coaches, Jerry Glen and Mike Caldwell, the Arroyo Dons Frosh-Soph football team went into the season with only one idea; winning!

At the start of the season, the Dons set things up with a victory over the destined first place Sunset Falcons. "The victory over Sunset had to be the highlight of the year for me," stated Frosh-Soph coach, Jerry Glen. "We were the only ones to beat them."

Unfortunately for the Dons, things went downhill after that with losses to Tennyson, Hayward, and Mount Eden.

"We have some great individuals in Dave Garcia, Bob Kufeld, and Mark Sanchez, but we just couldn't jell as a team," remarked assistant coach, Mike Caldwell.

At the final game of the season, the Dons salvaged some pride and a 3-5 record with a 6-0 victory over the Marina Titans. A five-yard run by Mike McFerran accounted for the only score of the game.

Awards voted at the end of the season were: Most Improved, Glen Yonan; Most Valuable, Mark Giachino; and Captains, Tim Trujillio and Dave Fernandez.

Varsity Wrestling

Inexperience Hurts Grapplers' Title Chances

A lack of experienced wrestlers and a number of unlucky breaks hurt the Arroyo Varsity Wrestling Team chances for a league championship in 1973.

"This year's team was young and somewhat inexperienced, but they held their own in their respective weight classes", is what Coach Mike Bowers recalled when asked about the newly ended season.

Coach Bowers was expecting a few more experienced wrestlers to return from last year's team, but when they didn't show, he had to go with the less experienced wrestlers.

Voted to the team's top honors were Dave Agliano, "Most Valuable"; Agliano and John Pryor, co-captains; John Hardester, "Most Inspirational", and Rei Delafiginiere, "Most Improved".

The team ended a disappointing season with a one win and seven loss record.

Junior Varsity Wrestling

Don's Place Second at Novice Tournament

This year's Junior Varsity and Frosh-Soph Wrestling teams combined their talents to make the Dons a strong contender at this year's Hayward Area Athletic League Novice Wrestling Tournament held at Canyon. Novice is for wrestlers who have not yet earned a letter in wrestling.

Arroyo received 112 points to make this the best showing of an Arroyo team ever. With this great effort the Dons finished second behind a strong Tennyson team who finished with 150 points.

Rei Delafiginiere, only a sophomore, was the only Arroyan to receive a first place when he lost by only one point in the final match. Rick Kufeld, Bob Kufeld, Tom Burritt and Duane Ormsby were among the third place finishers, with Jim Pearson and Brian Thornton both taking fourth places.

"If our showing at the Novice Meet is any indication of what our team will be like next year, I feel that we will have a very good season", stated Coach Michael Bowers.

In dual-meet competition the teams competed in the two separate classes with the Junior Varsity finishing with a six win and two loss record with the Frosh-Soph ending with a fantastic seven win and one loss record.

Freshmen Appear Strong

Cross Country Runs Injury Free

For the first time in recent years, Arroyo's cross country team was almost injury free.

"We were very lucky!" stated coach Ken Weissenborn. "Our most severe injury was a swollen achilles tendon."

The first dual meet of the season was at Castro Valley. Arroyo, Canyon, and Castro Valley were the contenders. Arroyo defeated Canyon, while losing to Castro Valley.

Arroyo came back to run the second dual meet of the season at home. Running on familiar ground was of no help to the Don harriers as Mount Eden and San Lorenzo defeated the Dons 49-44-29.

Going to Tennyson to meet Hayward and Tennyson was the next confrontation facing Arroyo. The result was a split. At the final dual meet of the season, and paving the way for the big league meet, was a sweep over Marina and Sunset. The sweep perhaps put the thinclad in the right frame of mind for the All-League meet that was held in November.

For the Frosh-Soph division, the sweep was enough, as three Arroyo runners crossed the wire in the top ten positions. Freshman Russ Wright took a first with a 10 minute 30 second run on the two mile course. Fifth position was taken by Scott Carlsen in a time of 10:56. Crossing the wire in 11:14 was Dean Louis taking tenth place.

Russ Wright was voted "Most Valuable" by his teammates. "Most Improved" was Dino Arieta and "Most Inspirational" was senior, Rich Tapia. Gary Cubillo was team captain.

Cagers Finish Second in Christmas Tourney

For a team that was picked to finish no higher than fourth in a pre-season poll, the 1972-73 Varsity Basketball team surprised everyone, except the players themselves.

Starting out the season with two consecutive losses didn't hurt the spirits of the team as they came back to take a second place in the Christmas Tournament. After a win over Bishop O'Dowd, the Dons entered the Moreau Tournament with hopes of a championship, but were knocked off by host Moreau, and had to settle for a fifth place. The Dons ended the pre-season with a narrow win over Mission San Jose, ending with a 6-4 record.

The Dons seemingly had no trouble with the other teams in the league as they swept through the first half of competition without a loss. The only real trouble the Dons had was against San Lorenzo's Rebels where it took a last second shot by Frank Ficken to give the Dons another hard fought victory. The shot resembled one that Ficken made against Hayward in the Christmas Tournament in which the Dons upset the Farmers.

Arroyo Captures League Title

The Dons continued their streak until meeting San Lorenzo the second time around in one of the most crucial games of the season. The Rebels outplayed the Dons and also outscored them while winning 67-57. After easily beating Tennyson, the Dons suffered another loss, this time in overtime to Mt. Eden. The final tally was 82-78.
The next two games were probably the most important games of the season. Meeting Hayward for the third time this year, the Dons had to win to maintain their lead. Win they did: 61-50.
Going into the season finale against Marina, all the Dons needed was a victory to asure themselves a trip to Oakland and the Tournament of Champions. The task wasn't very easy as the Dons were trailing at halftime. But the potent Arroyo attack swept through the Titan defense to easily defeat them 73-56.
Ted Otterstetter led a great team consisting of a starting five of Dave Shockley, Frank Ficken, John Freitas and Stan Taylor. The Dons were truly Number One.

Tournament of Champions

Dons Fifth in T.O.C.

Arroyo was one of the eight competing high schools from the Bay Area to be in the Tournament of Champions held on March 8, 9, and 10 at the Oakland Coliseum. In the Tournaments 27 year history, this was the third time that Arroyo has competed in it. Arroyo first encountered Salesian. With tremendous school support, the Dons were over run by a score of 77-52. The following night the Dons met with Dublin in the consolation bracket. Dublin was edged by the Dons in a come from behind victory 66-63. The final game against Wilson was lost 79-47.

At the end of the third evening, Mr. McCaslin with team captains Stan Taylor and Ted Otterstetter, received a trophy for Arroyo's participation. For his individual performance, Ted Otterstetter was named All Tournament. Ted scored 83 points in three games to become the second highest scorer in the 27 years of the tournament. His 34 points against Dublin is the third highest single game scoring mark in T.O.C. history.

J.V.s Take Second

Arroyo's junior varsity basketball team was hard working. They put out the effort and determination to compile an outstanding season. The JV's earned 17-3 record, a total good for a second place in the Hayward Area Athletic League.

"Because we weren't very big, we had to play well together which we did; it was a big team effort throughout the season," commented Coach Ken Weissenborn.

The JVs had little trouble going through the league until they met Hayward who beat the Dons twice, 59-50 and 63-52, during the season. The final game proved to be one of the most exciting. In overtime play, the Dons' crosstown rivals, Marina, pulled out a 63-60 victory.

Finish Third

Determination Leads Frosh Cagers

Determination was the key word for the Frosh-Soph basketball team as they finished third in the league with an 11-6 record.

There were some major changes on the Frosh squad this year since Tom Sheridan stepped down from his junior varsity coaching position to lead the freshman team.

"It was a pleasure working with these boys. They worked long and hard all through the season," commented Sheridan after completion of the season.

The team selected Dave Fernandez as most valuable; Eric Tausheck and Andy Cross as most improved; Andy Cross as most inspirational, and Mark Sanchez and Rick Soares as co-captains of the team.

"C" and "D" Basketball

Linnekin Tabbed "The Bandit"

This year's "D" Basketball team turned out to be one of the finest teams here at Arroyo in a long time. All through the season the D's battled their way to the top. The D's lost only one game to Tennyson until they played Hayward in the season finale. A win could put them in first place but Hayward came up with a 37-31 victory to drop the Dons into third place behind Tennyson & Hayward. The D's were led on the offense by Terry Perschonock, who averaged nearly 10 points a game and John Pryor who consistantly worked on the boards. On defense, Bruce "the Bandit" Linnekin turned in a fine season, especially on defense. All in all the D's finished the season with four wins and two losses.
On the other hand the "C" team had a very disappointing season winning only one game against Marina. They finished the season with a 1-5 record. Coach Boyd McCaslin deserves recognition for the fine job of coaching that he did.

Varsity Baseball

Dons Win Playoff, Capture Title

This year's Varsity Baseball season was almost a repeat of the 1972 season, but the outcome was reversed.

Once again it was a battle between Mt. Eden and Arroyo with the Dons earning this year's T.O.C. berth.

The Dons started the season off right with victories over Hayward, Canyon, Castro Valley and Marina before being nudged by San Lorenzo, 1-0, for the first loss of the year. The loss didn't upset the team as they came back to defeat the league favorite, Sunset, 5-2.

With the Dons in second place, they met the league leading Monarchs on Arroyo's field. It was a typical game between these two teams, one which is decided by one or two runs, with the Monarchs coming away with a 2-1 decision. The team ended the first half of the season with a 6 and 2 record.

As Arroyo entered the second half of the season, they had hopes of staying close to Mt. Eden and taking the champoinship, but these hopes had a major setback as they were upset by Hayward 12-11. The Dons fought back, however, and were leading the league when they faced Mt. Eden, for first place. This game lasted 13 innings, with Mt. Eden winning 1-0. Now Mt. Eden led by ½ game over Arroyo, with the Dons having one game remaining and the Monarchs none.

The Dons then faced Tennyson, and by winning forced a playoff for the

league Championship and the T.O.C. berth. After having been beaten twice by Mt. Eden this year, the Dons were really high for the playoff game. The Dons, behind the pitching of Kevin Wright, and the hitting of Randy Baumback, were headed for the T.O.C. after beating Mt. Eden 6-3.

Dons Falter in T.O.C., Finish Fourth

After an exciting playoff victory over Mt. Eden, the Dons were invited to participate in the Baseball Tournament of Champions, held at Albert's Park in San Rafael.

In the opening round, Arroyo met Concord, the D.V.A.L. champions. The Dons won 6-2 behind the pitching of Ron Rounds.

"Ron pitched a great game. We should have had a shutout," stated an elated Coach Verl Thornock, after the game.

The Dons title chances took a major setback at the hands of Redwood. The Dons' starting pitcher, Mark Mangini, only allowed three hits in the 4-3 loss. Faulty fielding and Marks' occasional wildness contributed to the loss.

The best the Dons' could do now would be third place, but the San Leandro Pirates nudged the Arroyo nine, 1-0, leaving the Dons' accepting the fourth place trophy.

Jeff Carsley, the Don's all-league third baseman, was the only Don to make the all T.O.C. team. Ron Rounds and Ed Farris joined Carsley in accepting All-League honors, with Derek Fross making the second team, while Alan Brecht and Casey Jones received honorable mentions.

For the season, Jeff Carsley came in third in league hitting, while leading in the league in hits and runs batted in. Ron Rounds, the Dons' junior pitcher, was third in the league E.R.A. race with an 0.65 E.R.A.

J.V. Baseball

Dons Lose Finale, Tie for First

"For most of the season we led the league but towards the end we let down and blew it," stated a J.V. player concerning the 1973 J.V. season. With just two games to go and a two game lead, the Dons were edged out by Mt. Eden 2-1 and then lost to Tennyson 7-1 to finish in a first tie with Marina and Tennyson all with 11-5 records.

"The kids played exceptionally well for three quarters of the year and then didn't play well at all," stated Coach Bill Basacker, "we couldn't get the clutch hits."

Coach Basacker feels that key injuries to sophomores Jim Hoos and Willie Devoto was a major cause of the J.V. failure to capture a sole title.

"This was my most enjoyable season," said Coach Basacker. It marked the first title in his five year stay here at Arroyo and the first time in 11 years any Arroyo J.V. team has finished first. The Dons, with exceptional hitting, also had a fine pitching staff, which consisted of Jim Hoos and Dennis Lyons each finishing with a 0.90 and an 0.91 earned run average respectivily and Randy Bosworth who finished with a 6-2 record.

At the end of the year the players voted for their outstanding players. They voted Rick Flores as their most valuable player and Buddy Williams captain. They also voted John Hardester as Most inspirational and John Pryor as most improved.

Freshman Baseball

Frosh Players Show Promise

This year's Frosh Baseball team finished with a respectable 9 win and 7 loss record, fifth best in the league, while finishing in 2nd place, two games out of first. Hayward, Marina, Sunset and San Lorenzo all finished in a tie for first place, with an 11-5 record.

Greg Thompson, voted the teams' best hitter, led the team in batting, (.432), getting 16 hits in 37 times at bat. Jim Reed also batted a fine .370, 17 out of 46, while leading the team in runs batted in with 16.

In the pitching department, Frank Bucholz had a fine earned run average of 1.84 while pitching in 17 innings. Frank and Mark McFerran led the team in strikeouts with 28 and 32, respectively. All this contributed to another fine season.

Start, Fall Short of League Title

The 1973 Varsity Track team, after a slow start, proved that you don't need an abundance of talent to be competitive. Under the direction of Coaches Jerry Glenn and Mike Tompkins, this year's team put it all together in time to place fifth at the H.A.A.L. meet at Chabot College.

Bill Freitas, voted most valuable, was the speed demon of the team. Running the 100 and 220 yard dashes, Bill finished first in all but two of his races during the dual meet competition. Bill also qualified for the North Coast Section meets by finishing third in the 100 at the league meet. Bill was the only Varsity competitor from Arroyo in the meet.

Others who performed their duties well were Les Fohl, who was the league champion in the Pole Vault; Keith Laverty in the high jump; Dale Swindell in the high hurdles; Rob Castleman in the discus and Steve Renshaw in the low hurdles. The 440 yard relay team, Stan Taylor, Steve Renshaw, Herb Vincent, and Bill Freitas finished a surprising second at the league meet.

Determination and spirit was the backbone of this year's team. With the talent coming back next year that was on this years B team, next years team should be very good.

Carlsen Leads Team

J.V. Track Finishes Second in League

In most high school sports, most of the attention is focused on varsity sports. This year's "B" track team did as well, if not better, than the varsity.

The team finished second in the H.A.A.L. league meet—surprising everyone except coaches Jerry Glenn and Mike Tompkins.

"What we tried to do with this team is build toward the future" stated Coach Glenn. "I'm really surprised we didn't take the championship, but I'm proud of what we got."

Leading this year's team was Scott Carlsen who not only set a school record in the "B" triple jump, but also set a league record as well. He also took a first place in the North Coast Section meet at Cal State Hayward.

Other members who placed in the league meet were: Bruce Collett, pole vault; Ed Dutkowski, discus; Ken Grace, pole vault. Carlsen also placed first in the high jump.

The Don 440 relay team, Greg Okada, John Humphrey, Scott Carlson, and Marty Newell, took second place at the NCS meet.

Swimming

Declining Interest Reason for Poor Season

"Not enough interest," was the way Coach Tom Sheridan described Arroyo's 1973 swimming season. "We had great individuals in Rey Rio who broke the school record in the breaststroke with a time of 1.07.5, and diver Rich Tapia who took a second in league," stressed Coach Sheridan.

Scott Bush, Randy Cram, and Mike Lewis all added valuable assistance. But the fact that the team was weak in depth proved to be the deciding factor.

At the end of the season, the Varsity ended with a two win, five loss record while the B's posted a 4-4 mark.

Drew Shoots Ace - Leads Golfers

Golf is becoming one of America's most popular sports. This year's team proved that it is becoming popular at Arroyo, too.

Arroyo's 1973 Golf team had an outstanding season by finishing second in the H.A.A.L. competition and fifth in the league tournament.

Two team members won awards in 1973:

Larry Drew hit a hole-in-one in a league match at Skywest Golf Course. He also placed sixth in the league tournament and received all-league honors.

Mark Bartholomew won a special team award for having the lowest team match average.

The Dons finished the league season with a ten win and four loss record, and a 14-5-1 overall record.

The golf team hopes to have another fine season next year. With five returning members, Coach McCaslin predicts another great team finish.

Bryant, Stavosky - Key to Success

"The highlight of the year was when we won nine straight matches," stated Coach Ken Weissenborn after his team finished their very fine season with a 9-5 record.

"I was very pleased with the improvement over our last year's team," continued Coach Weissenborn.

Don Bryant, a sophomore, and Jim Stavosky, a senior, were selected as co-Most Valuable Players by their teammates. "Don was 14-0, playing as our number two player, and he improved greatly over the last year and he will continue to improve . . . I hope," said the Coach. Jim, had a hard time starting this year, but he was truly great by the end of the year."

Bryant and Stavosky were both named to All-league honors, while Bryant was a surprising second in the H.A.A.L. tournament.

Girls Show Enthusiasm

G.A.A. Basketball Competed for League Title

Throughout the school year, boys in high school are actively representing their student bodies in interscholastic sports.

Only recently has the importance of competition been realized for the girls.

The Girls Athletic Association of Arroyo has been around for many years, but active participation of players as we; as spectators has come into its own recently.

For the 1973-74 school year, a ruling handed down by the California Interscholastic Federation commission states that girls are eligible to play in all high school sports, including football and track.

Miss Laura Clapp, club advisor, stated that she felt this ruling would not hurt the G.A.A.

"We've had an increasing amount of girls out each year. This year, for example, we had a girls' tennis team as well as two basketball teams."

G.A.A. is experiencing growth pains, but the doors are beginning to open to involve all girls in some kind of athletic competition.

Officers Busy Throughout the Year

"This year's freshmen are probably the brightest and the rowdiest class I've had experience working with," stated Mr. John Shanteau, freshmen class advisor.

Mr. Shanteau's opinion of the type of role a class advisor should take has changed greatly than what it had started out to be at the beginning. "Behind the scenes, making sure things get done, and most of all giving them responsibility."
But now, Mr. Shanteau's opinion has changed. "Becoming more active," is the role he is playing now as a class advisor. He feels that he must become more involved to make sure that things get done. "It's not that they don't understand how to go about things."

With the leadership of officers Kevin Rogers, president; Sandy Alejo, vice president; Cora Perry, secretary; and Sue West, treasurer, the freshman class held their traditional mistletoe sale at Christmas. They also sponsored the Freshman Social in March with a light show by "Sunshine", and a chocolate sale at the end of May with posters given to the class members who had sold the most.

Although the freshman class was kept busy with two sales, a social, and Spirit Week, the officers all felt that what their class needed was more involvement from all students.

"I've enjoyed working with these people, though," said Cora Perry, class secretary.

Sue West felt that she was sometimes struck with doing the jobs of the other officers. Sandy Alejo agreed, but said that he enjoyed doing all the assignments given him.

Class of 1975

Sophomore Class Nets $500 From Chocolate Sale

This year's Sophomore class officer consisted of Janet Hagen, president, Cindy Schroeder, vice president, Yolanda Valerio, treasurer, and Ann Carlevato, secretary.

When asked what she thought of this year's sophomore class, Ms. Betty Kozlowski, the class advisor, stated that she did not think that they were any better than the previous sophomore class.

The class of '75's chocolate sale was a great success making over $500.00 for the class treasury.

The sophomores held a dance which was held in February and crowned Tracy Anderson queen.

During Spirit Week, the class won an award for overall performance during the special event. Their theme, "Arroyo Rides the Waves With Spirit", was carried out with the use of a hot dog stand as their float.

As a result of a lack of interest, this year's officers did not get their pictures taken for the yearbook.

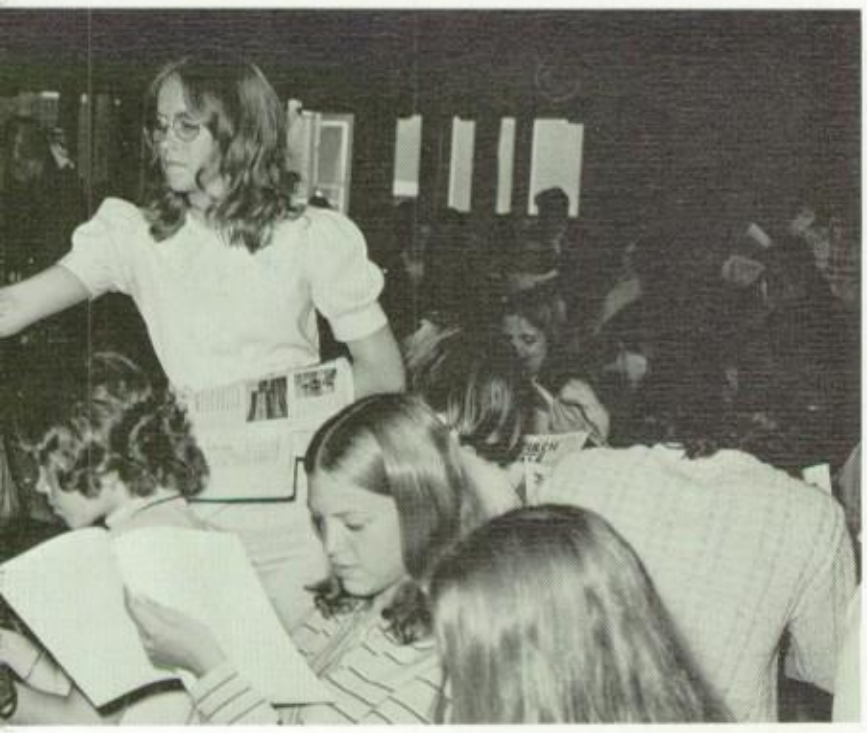
Juniors Prepare for Senior Year



"The Matchmaker" was the most successful project of the Junior class. The class officers announced both their replacements and the class queen at the show.

Other activities of the class of '74 included, and Old Vienna Chocolate sale, a Nestle's Crunch Bar sale, and the Homecoming Carnation sale. The later is a long-standing tradition at Arroyo.

Roberta Rodriguez, class president, led the other officers: Debbie Raab, vice president, Mary Jane Lucas, secretary, and Kathy Colburn, treasurer, in helping the class raise money for their senior activities.

For a while this year, the juniors had begun to plan a junior prom. Those plans were scrapped because as Debbie Raab stated, "There weren't enough students interested in attending such an event."

Academically, this year's junior class was able to experience a variety of course electives in English and in the business and vocational education areas.

'73 Revives Lost Activities Rejuvenates Long Standing Traditions

Many new people became involved this year in the senior class. This fact was apparent because of the success of such major activities as the slave sale, senior show, and the third consecutive first place finish in Spirit Week.

'73 brought much to Arroyo this year through its activities. The slave sale was brought back after many years of disappearance. The senior class also donated $100.00 to the publication of the *Gazette* senior edition.

Other activities for the year included the chocolate sale, chaired by Judy Scott; the Senior Ball, chaired by Judy Tavares; the Disneyland trip, chaired by Amy Nelson; the St. Patrick's Day Carnation sale, chaired by Cathy Burnett; the Senior Breakfast, chaired by Debbie Schroeder; the candy cane sale., and the senior picnic.

Chris Porter served as president. Liz Litov, vice president, Debbie Blanchard, secretary, and Sue Ichihana, treasurer completed the cabinet.

The senior class advisors were Ms. Vicki Bissell and Mr. Gregg Shepherd.

48 Seniors Win Scholarships, Honorariums

Scholars Cited for Work

Forty-eight seniors were honored this year for their outstanding contributions to Arroyo High School.

Many of these seniors received commendation for their academic and athletic achievements at the Senior Recognition Tea.

Two young women received recognition from the Bank of America. Elizabeth Litov and Theresa Marchese won fourth place awards of fifty dollars each from the world's largest bank.

The San Lorenzo Scholarship Foundation supplied the biggest portion of scholarship money for this year's graduating class.

Many business firms in the San Lorenzo area established scholarships to award to winners in the district's three high schools.

A committee of faculty and PTA members made the recommendations to the scholarship foundation which selects the winners.

Heading this year's Scholarship Committee was Ms. Joanne Knowles, Dean of Girls and member of the Foundation Board of Directors.

A Special Thanks to:

Kee Coleman Studios
Julie Nagy, Judy Scott, Willie Krause, Ann Hawkins, Cathy Greenwood, Sue Eichler, Theresa Marchese, Kathy Foley, Harold Brede, Sue Valenzuela, and *Mr. Lloyd* for coming during the summer to finish up the book. I know it is hard to give up part of your vacation, but you all did and I really appreciate it.
Mr. Lloyd; a special thanks for putting up with us all. There were a lot of hassles, but they all blew over. Thanks for putting up with us all and good luck next year.
And to end it all—Good luck to *Tim Humphreys* and *Sue Valenzuela,* next year's editors. Stick together and you'll do a great job. Hang in there, no matter how rough it gets.
I'll miss you all,

Sue
